MESSRS. CANTLIF, EWAN & Co., have moved into the premises on Victoria square formerly occupied by the wholesale stationery house of Robert Miller & Co., (now on McGill street), which have been fitted up in a manner suitable to the extended business of the firm.—An insurance adjustment combination is about to be formed, with headquarters in this city. The members are well-known insurance experts.

AT AN informal meeting of creditors last Wednesday of the late Alex. Shannon, grocer, this city, who it will be remembered, was supposed to have been drowned in the river last season while laboring under a fit of mental aberration, it was resolved to appoint a curator to the estate on the 15th July prox. The estate is expected to pay the creditors about 50c on the dollar. The body of the unfortunate man has not yet been recovered.

N. GERMAIN & Co., of Winnipeg, wholesale hardware, who have been in difficulty for some weeks, have assigned in trust, and the principal creditors, Montreal merchants, have sent representatives to investigate the firm's affairs. No statement has yet been shown by Alexander & Bryce, of Winnipeg, referred to last week, but it is expected that a meeting will shortly be called in this city. There are very few creditors in Winnipeg.

THE YARMOUTH (N.S.), Duck and Yarn Company has been organized, with the following provisional directors:—Wm. D. Sovitt, Samuel Killam, A. C. Robbins, Frank Killam, Bowman Corning, Thos. E. Kelly, John Oldfield. Capital \$100,000. The factory will be of brick, 120x170 ft., three storeys, to give employment to 150 to 200 hands, and turn out 1,000,000 yards cotton duck per annum.

MESSRS. Crichton & Oliver, cabinetmakers, Strathroy, Ont., are reported in difficulties. They have been in business about one year, but, chiefly for want of capital, they have not been able to make such headway. Mr. Crichton left for Manitoba some three months ago, apparently leaving his partner to struggle on as best he could. Crichton took with him a consignment of spring beds, and his inability to find purchasers is supposed to be one of the causes of the difficulty.

THE ANNUAL report of the Jacques-Cartier Bank, published elsewhere, shows among other things a prudent desire on the part of the management to strengthen the position of the institution. The profits for the year amount to about 13½ per cent on the capital, out of which two dividends of 3½ per cent each were paid to the shareholders, \$15,000 added to the Reserve

Fund, and the balance, \$27,336, carried to credit of Profit and Loss account. The energies of the Bank are largely directed towards early release from outside investment.

AT A meeting of the creditors of James A. Young & Co., boot and shoe manufacturers, this city, held Wednesday last, a statement was submitted, showing liabilities of \$42,000, with assets of \$29,000, a deficiency of \$13,000. It was decided to place discretionary power in the hands of the trustees as to the disposal of the estate, with the proviso that it should be disposed of in three blocks, viz., stock, book debts and machinery, either by public auction or private sale.

A COMPROMISE, which will likely be of a permanent character, has been effected between Chaudière lumbermen and captains of American boats in relation to freight rates. It will be remembered that the captains struck for \$4 per thousand feet to New York and \$3.75 to Albany, to which the mill men very reluctantly acceded. The following tariff of rates is established: from Ottawa to Burlington and Whitehall, \$3.25; Troy and Albany \$3.50, New York \$3.75—25c extra on ships to Albany and New York.
