TO ARCHITECTS, PLUMBERS, AND ALL PERSONS WHO HAVE PLUMBING WORK.

MALCOLM'S PATENT DEMAREST VALVE.

The accompanying cut represents a PATENT RUBBER SEATED VALVE, or BALL COCK. All plumbers, and quite a large proportion of the public, know that the ordinary Tank Ball Cock will leak and give trouble in a comparatively short space of time, and will require repairing. Therefore, to save expense and trouble, use MALCOLM'S PATENT RUBBER SEATED VALVE BALL COCK. Over three thousand (3,000) of them now in use, and THEY ARE GIVING UNIVERSAL SATISFACTION. It is safe to say that it will wear at least three times longer than any other Ball Cock in the Market; IN FACT, IT DOES NOT REQUIRE ANY REPAIRS.

ASK YOUR PLUMBERS FOR THEM.

A COMPLETE ASSORTMENT OF PLUMBERS' SUPPLIES ALWAYS ON HAND.

FOR PRICES AND TERMS APPLY TO

**W. B. MALCOLM,**

(Manufacturer and Patentee)

89 and 91 Church Street,

TORONTO.
