Allays the thirst, aids digestion, and relieves the lassitude so common in midsummer.

## The Best, the Cheapest.

"Friendship," someone says, "is like phosphorus; it gives its light in the dark." Life insurance makes all things light all the time. Don't leave your home in darkness for want of it.

"Good life insurance, like every other good article, costs something. But it is the cheapest, always to buy the best of everything. Moral: Do not buy any cheap insurance."

"It is not well to take more insurance than your income will warrant; but it is altogether best to take some."

The very best insurance obtainable can be secured in the North American Life Assurance Company under the Compound Investment Plan; the return, in case of death, of all premiums paid after the tenth year, together with the full face of the policy, or the loan (if desired) of all premiums beyond the tenth, are two of the several attractive features of this excellent plan of insurance.

Pamphlets fully explanatory of this and other advantageous plans of investment insurance, and copies of the company's last annual report, showing its unexcelled financial position, furnished on application to Wm. McCabe, Managing Director, Toronto, or any of the company's agents.

Charles Dickens, the son of the novelist, died on the 20th of July, and his sister Mary on the 24th. Charles was editor of "All the Year Round" after his father's death, and, later, of "Household Words." He was very successful as a reader from his father's works, both in England and the United States.

RENNIE'S TELEGRAPHIC NOTATION.

Funk and Wagnall's Literary Digest publishes the keyboard of above system (first introduced in 1880), in the following way:

1	2	3	4	5	6	7	8
A	B	C	D	E	F	G	H
I	J	K	L	M	N	O	P
Q	R	S	T	U	V	W	X
1	2	3	4	5	6	7	8
A	B	C	D	E	F	G	H
I	J	K	L	M	N	O	P
Q	R	S	T	U	V	W	X

The lower half of board is a repetition of upper half. Each move is described by two characters, the first describing the piece or Pawn and the second describing the square.

Each piece or Pawn has two character names—upper half name and lower half name, and the names are derived from the squares on which they originally stand, utilizing your adversary's original square characters to describe your moves on his half of the board. The square where the man goes to is as precise as the name of the man, and there is no botheration of dynamic calculation as in the British system.

We illustrate our system by a little game wherein White gives a Rook.

5 As only one Pawn can go to 5 one character is sufficient, otherwise M 5 would mean absolutely K P—K 4. A single character is always a Pawn move.

U

or E U for full description.

WF Namely lower K Kt's name to F square.

2 K

or upper Q Kt's name to K square.

V 3

Lower K B name to 3 square.

L

or D L in full.

R C

Lower Q Kt name to C square.

S 7

As the Q B enters lower half it takes its lower name S to 7.

D

or L D in full.

R 4

Q Kt, lower name, to 4.

7 4

K Kt (upper name) goes to U, taking Pawn.

S T

Q B lower name goes to T, taking Queen.

6 F

K B, upper name, to F, taking Pawn, ch.

5 E

2 T mate

Q Kt upper name to T mate.

In our notation above game is described in 25 letters, whereas in the British it takes 30 letters besides a great quantity of dynamic calculation.

Editor Galbraith screams:—Our young American representative has beaten the three strongest chess players of all Europe, a most wonderful performance, truly, and triumphantly proving that his victory at Hastings last year was no chance fluke, as some would-be critics have vainly endeavoured to claim. Did anyone hear the American Eagle flop his wings and scream with exultant pride when this news was cabled?

## Bent Nearly Double.

THE STORY OF A WELL KNOWN DELHI MAN.

Tortured with Rheumatism for Nearly Twenty Years—Spent Large Sums in a Vain Search for Renewed Health—How He at Last Found it.

From the Delhi Reporter.

There are very few troubles more wide spread and none more difficult to eradicate from the system than rheumatism. The sufferer is racked with pains that seem unbearable, and frequently feels that even death itself would be a relief. Among those who have found much of their lives made miserable by this dread trouble is Mr. Michael Schott, of Delhi, and having found a means of release from its agonies he is anxious that other sufferers should profit by his experience. Mr. Schott is in the employ of Messrs. Quance Bros., millers, and has a reputation for sterling integrity among all who know him. When one of the staff of the Reporter interviewed him Mr. Schott gave the facts of his illness and recovery as follows:—He had been a sufferer from rheumatism since about eighteen years of age. At times he was confined to bed but obtained no rest day nor night from the excruciating pains he was undergoing. Again he was able to go about and follow his employment, but even then frequently walked about in an almost doubled-up condition. Then again he would have another relapse, and would be forced to take to his bed. During all these years he was almost continually doctoring, but never obtained anything more than temporary relief for the large sums he expended in this way. Having failed to obtain relief at home he went to Simcoe for treatment but received no permanent benefit and soon after coming home was as bad as ever. It will be readily understood that he was seriously discouraged, and had come to look upon his case as hopeless. Finally he was urged to try Dr. Williams' Pink Pills and after hesitating at spending any more money, in what he now considered a vain pursuit of health, he at last consented to give them a trial. By the time he had used a half dozen boxes, there was no longer any doubt in his mind that he was steadily improving, and the treatment was then gladly continued. When he had taken a dozen boxes he found himself entirely recovered, entirely free from pain and from all stiffness of joints, and he is now able to do as hard a day's work as any man in the village. He has now been free from his old enemy for so long a period that he feels his cure is permanent, and is consequently an enthusiastic admirer of Dr. Williams' wonderful Pink Pills, and urges all who are similarly suffering to give them a trial, feeling confident that they will prove quite as efficacious as they did in his case.

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail postpaid, at 50c. a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y. Beware of imitations and substitutes alleged to be "just as good."
