

dumping duties may be imposed on imports of the product in question found to have been dumped and to be causing injury from the country or countries concerned, the duty being equivalent to the amount by which the export price is less than the basic price established for this purpose, not exceeding the lowest normal price in the supplying country or countries where normal conditions of competition are prevailing. It is understood that, for products which are sold below this already established basic price, a new anti-dumping investigation shall be carried out in each particular case, when so demanded by the interested parties and the demand is supported by relevant evidence. In cases where no dumping is found, anti-dumping duties collected shall be reimbursed as quickly as possible. Furthermore, if it can be found that the duty so collected exceeds the actual dumping margin, the amount in excess of the margin shall be reimbursed as quickly as possible.

5. Public notice shall be given of any preliminary or final finding whether affirmative or negative and of the revocation of a finding. In the case of affirmative finding each such notice shall set forth the findings and conclusions reached on all issues of fact and law considered material by the investigating authorities, and the reasons and basis therefor. In the case of a negative finding, each notice shall set forth at least the basic conclusions and a summary of the reasons therefor. All notices of findings shall be forwarded to the Party or Parties the products of which are subject to such finding and to the exporters known to have an interest therein.
