

NOTICE PAPER

Inquiries of Ministry—On Wednesday next

No. 1,349—*Mr. Kelly*—January 28

1. How much money has the federal government approved to date under the Fitness and Amateur Sport Act for use in the Province of Ontario?
2. Of the amount approved, what organizations have received a grant, and how much money has been approved in each case?
3. What criteria does the government use in deciding what organizations should receive the grant, and what factors are taken into consideration as to the amount of money to be granted?

No. 1,350—*Mr. Martin (Essex East)*—January 28

1. Has the Department of Veterans Affairs awarded a contract to, or agreed to purchase from, an Italian drug manufacturing company a quantity of the drug Tolbutamide and, if so, what quantity of this drug is being obtained from the Italian firm, and at what price?
2. Does the government take any steps to check the quality, performance and the safety of drugs imported from Europe under generic names and, if so, what steps are taken?

No. 1,351—*Mr. Laing*—January 28

1. Is the government supplied with precipitation and water-content reports on the region of the Fraser River Basin by the Water-rights Branch of the Province of British Columbia and, if so, what is the latest comparative figure in 1963 with each of the preceding three years?
2. Since January 1, 1962, have any submissions been made by the Province of British Columbia for a comprehensive flood-control programme for the Fraser River?
3. Does the federal government continue to make contributions to the work of the Fraser River Basin Board in its studies on flood control?

No. 1,352—*Mr. Laing*—January 28

Since the establishment of the Department of Forestry, what grants have been made toward (a) forest fire control (b) insect and disease control in (i) British Columbia (ii) Newfoundland (iii) New Brunswick (iv) Alberta?
