The most effective method of nourishing grasses and vegetables to get rich yields should also be the cleanest and handiest way.

Manures are not only offensive to handle but they sow weed seeds. Fertilize the Harab way; there is a Harab Fertilizer specially adapted for the kind of grasses, flowers and vegetables you want to grow.

If your dealer does not handle Harab Fertilizers write direct to the makers and send for this Harab Fertilizer which the Harris Abattoir Co. would like to send you free.
