BASEBALL DECLARED **ESSENTIAL INDUSTRY**

New Jersey Draft Board Promulgates Decision Under Work or Fight Order.

New York, July 14.—Baseball was classified as an essential industry under work or fight order by a local draft pard in East Orange, N.J., in deciding esterday an appeal by Joseph Finneran a pitcher for the New York Americans. Finneran was notified by the board that since he could support his wife and child better by playing baseball than in any other way he could remain with his team. His classification in the draft

team. His classification in the draft was 4A.

Finneran recently was asked by the draft board if there was any good reason why his occupation should not be changed under the order to work or fight issued by Provost Marshal General Crowder. He replied that he had a wife and child dependent for support upon his ability as a ball player, and in no other occupation could he support them that he would be permitted to earn his living as a professional baseball player. Harry Sparrow, business manager of the New York Americans, when informed of the decision last night, expressed the hope that the action of the East Orange board would establish a precedent for other draft boards thruout the country when considering the appeals of professional baseball players. It sustained the position of leaders in baseball, he said, that the sport is really an essential industry.

It is the first instance it was said. industry.

It is the first instance, it was said, when the appeal of a player from an order to change his occupation had been sustained on the ground that his work was necessary.

Rochester series will be of only two days duration, there will be four games played. Single games only are scheduled, but the postponed games at Rochester, four in number, must be played off here, as there is only one available date in Rochester during the remainder of the season. Heitman and Smith, the Rochester star battery, will likely work twice against the Leafs. Herche, who has beaten the Hustlers in every start since he left them, several seasons ago, may also be started twice against the visitors. Tuesday is Ladies' Day.

At Cincinnati—Cincinnati hit Demaree very hard in the first game of the series yesterday, winning 9 to 5. Groh. Roush and Chase each made four hits out of five times up. MASS. BOARD CLASSES BALL NON-PRODUCTIVE

Boston, July 14.—Baseball was classed as a non-productive occupation by the Brighton local draft board today in deciding a test case brought by John Park Henry, catcher for the Boston National League baseball team, against Provost Marshal General Crowder's "work or fight" rules.

The board found that the amount of relief from war strain furnished by the game was over-estimated by the registrant in his affidavit, and that baseball's financial contribution to the war was no larger materially than the voluntary sacrifices of many millions of citizens. All the three members of the board are agreed in the finding that baseball is a non-productive occupation, but one of them, Justice Thomas H. Connelly, recommends that Henry be not required to change his occupation on the ground that he could not do so "without substantial financial loss to himself or others."

The board states that it made careful inquiry into the measure of "recreation furnished by big league baseball, and found that only 10 per cent. of the seating capacity of the Boston, Pittsburg and St. Louis baseball parks was taken up at the games on July 3, and that on the holiday, July 4, the seating capacity used was only 38 per cent."

Albions by Two Runs Beat St. Edmunds

The Albions secured a two-run victory over St. Edmunds in their league game played at Oakwood on Saturday, the score being 136 to 134. The Saints won the toss, and decided to bat. W. Ledger opened their inning, facing Moyston, who bowled him the first ball. Campbell, who should have been stumped when he only had a few, deserves credit for his score of 32, as his strokes were nice and clean, Lambert and Barnes, with 21 and 25, also played good cricket for their scores. Jones also got 18, he being the only one to get a six-hit.

The Albions, with 135 to get to win, opened with Moyston and Blackman. With 10 runs on, Moyston was given run out. Blackman played a perfect inning

St. Cyprians Won From the Broadviews

St. Cyprians and Broadview played their C. & M. League game at Willowclearly outmatched by the home team, clearly outmatched by the holls teach, altho Hudson, the star of the east, played a fine innings of 39, a fine exhibition of clean, hard hitting, made without a chance, altho there was a doubtful decision as to 1.b.w. when he was half thru. Jarvis 9 and Buttress 7 were the only members of the team to render him any kind of assistance. With the fall of the third wicket at 55, the fourth and fifth at the same number, the sixth and seventh at 57; and the eighth and minth at 59, the end came suddenly, only 4 runs being made after the ball had been handed to Bloom, whose analysis read 16 balls, 3 runs for 5 wickets. Forestall's 2 wickets cost 11, and E. Davis' 2, 23. Unfortunately Broadview was one man short. On the Saints going to bat the run-getting was slow for a time, as both Hobson and Buss were putting down good stuff, the first wicket —Hadley's, falling at 17. Four runs later his successor, Banting, was also bowled by Buss, but on Machan joining Forestall a good stand was made, and the score carried to 52, when Machan fell to Hudson for 14. Forestall at 57 fell to the same bowler, having played a fine innings of 31, in which, however, one chance was not accepted. Bloom and F. Adgey raised the score to 70 when the former hit the ball into the hands of one of his teammates, who was subbing. Mundy and Adgey by hard hitting put on 39 more runs before Adgey was sacaught for a lively 35, and Huddlestone played out time, 6.30, with Mundy retiring with 20 and 24 respectively to their credit. Detroit Pleased Over Adjustment of Dates and Has Already Entered at Ex.

Detroit, July 14.—Upon his return from Toronto, where he was successful the arranging speedboat dates for the gold cup and Toronto regattas satisfactory to all concerned, Charles D. Lynch was loud in his praise of the sportsmaniship displayed by the Maple Leaf city officials and the elaborate preparations they are making for their meet, which will follow on the heels of the Detroit racing. He states that the Toronto Motorboat Club has fostered racing for displacement boats for years in connection with the exposition there and that their course is ideal in every respect.

Altho the Canadians were not a little taken aback by the firm stand of the Detroiters on dates they recognized the necessity of getting a mutual understanding and relinquished the sanction for their original dates so that the two meets could be held without conflict, and the fastest boats in the country compete both in Detroit and at Toronto.

This means that Detroit will co-operate in every way possible to help make the speedboat racing in Toronto success-

commodore A. L. Judson has aiready entered the Whip-poor-will in the Toronto meet; Gar Wood mailed an entry for the Miss Detroit II. yesterday, and Commodore A. A. Schantz of the gold cup committee, which is sponsor for Miss Detroit III., has written assurances of the new cup defender being a contestant at the Lake Ontario gathering. It is quite likely also that the Miss Minneapolis will be a contender.

All arrangements such as boat houses, railroad sidings, cranes for loading and taking boats out of the water each day, etc., are complete, and the co-operation of the harbor master's office, the exposition officials, and all Toronto authorities, has aiready been pledged, and the city is preparing an elaborate course with six buoys to each turn directly in front of the exposition grounds, where a crowd of probably 150,000 people will be accommodated easily and comfortably with a view of the whole course.

Displacement boat races will be held by the Toronto club on Friday, Saturday and Monday, August 30, 31 and September 1, but that will not prevent several of the club officials from coming to Detroit to witness the gold challenge cup races, among them Commodore Thomas W. Rea, Captain Beatty, Commodore Sylvester and others, who are enxious to see how Detroit conducts its meet.
