

## WITH THE GREAT WAR VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

## VETERANS WANT EASTERN HOSPITAL

They Believe Rapidly-Growing Danforth Section Needs General Hospital.

Veterans in the east end of Toronto are clamoring for a general hospital which will fit the needs of the community. It was pointed out yesterday afternoon in an interview with The World that there is only one really general hospital in the city, despite the growing needs of the various sections. Especially in the east and the west was this need apparent. If an accident was to occur in the upper Danforth section, it is impossible to get an ambulance to make for College street, miles away from the scene of the accident; or, if an accident was to occur near St. 15 of the Kingston road these difficulties would be even more noticeable.

"We are all well acquainted with the dangers now encountered on every street on the Danforth-Broadview 'Y,' where the car lines of two services meet," said one veteran. "An accident of grave proportions might occur at this point at any moment. Imagine the benefit of an eastern general hospital in the event of such an emergency. Or, for further afield, along the rapidly-growing part of the Danforth district, east of Greenwood, where houses are going up at the rate of four or five every few weeks. In this section the possibilities of mishaps are large. Building is often perilous work, and such building I haven't noted in many a year. Well, then, it is evident that even in the Danforth-Greenwood district the need of hospital service is great.

"As to the selection of the exact location of such a hospital, it would be invidious to say anything at this juncture. What is important is the need of the hospital. Once that has been made clear the details of location and other matters will be comfortably settled."

## SOLDIERS' GRATUITIES.

Gratuities form the all-embracing topic among the veterans. Especially has this been the case since news was received that Earl Haig of Belgium was granted \$500,000. Many veterans interviewed have pointed out that if the field marshal is worthy of his high rank to the extent of half a million dollars a mere buck private should surely be worth a paltry \$2,500. Others point out, however, that it is one thing to grant \$500,000 to a solitary military star, and quite another to grant small lots to innumerable veterans.

One veteran who belongs to the G. W. V. A., and who is a strong advocate of the policies of the Great War Veterans, stated to The World that in his opinion the G. W. V. A., the O. A. C., the Army and Navy Veterans of Canada, His Majesty's Army and Navy Veterans and the Originals Club should all co-operate in matters of large policy such as the gratuity, the D. S. C. R., and the pensions regulations.

Garbed in navy blue, braided in black and with gold trimmings, Parkdale G. W. V. Band is among the most resplendent as well as the most popular of the Toronto bands. Bandmaster Ayling now has a complete body of 38 pieces, all returned men.

## ANTICIPATE BIG TIME.

Grenadiers anticipate a grand treat at today's outing at High Park. So extensive and comprehensive are the preparations for the occasion that even lost-children cards are to be issued so that any lost children may be identified in short order. There will also be an inquiry hour, sports booth and other booths of interest to the general public, as well as to the veteran Grenadier himself. It is believed that at least 5,000 Grens and others will be present.

## BERNE, SWITZERLAND AND LEAGUE.

Berne, Switzerland, Aug. 8.—The Swiss federal council, at sittings held recently to discuss the subject of Switzerland's adhesion to the league of nations, unanimously agreed to propose to the legislative council an additional article to the federal constitution through which Switzerland would assume membership in the league.

## VETERANS' MEETINGS

Saturday, Aug. 9.  
H.M. Army and Navy Veterans' picnic at Scarborough Beach.  
Central G.W.V.A. social at Masonic Hall, Davenport road and Yonge street, 8 p.m.  
Monday, Aug. 11.  
Central G.W.V.A. regular meeting at Columbus Hall, 8 p.m.  
Tuesday, Aug. 12.  
Parkdale G.W.V.A. at Khaki Hall, 8 p.m.  
Riverdale G.W.V.A. dance at Playter's Hall, 8 p.m.  
Friday, Aug. 15.  
Originals Club executive at 4 Edward street, 8 p.m.  
Saturday, Aug. 16.  
Central G.W.V.A. social at Masonic Hall, 8 p.m.  
Monday, Aug. 18.  
Central G.W.V.A. executive at 705 Yonge street, 8 p.m.  
Tuesday, Aug. 19.  
Parkdale G. W. V. A. moonlight excursion.

## ARRANGES MARKET FOR EXPORT GOODS

Dr. Robertson, Back From Europe, Reports Demand for Canada's Bacon.

Ottawa, Aug. 8.—Dr. Jas. W. Robertson has returned from Europe. At the request of the minister of agriculture, before the armistice was signed, he went overseas as representative of the department for the purpose of investigating conditions in the United Kingdom and on the continent with a view to the disposal of Canadian agricultural products. Dr. Robertson today made the following statement in regard to his activities abroad:

"Most of my time overseas was given to the work of arranging for the disposal of the balances of the exportable surpluses of our foodstuffs, which were produced in response to the campaign for increased production. After prolonged negotiations the ministry of food decided to purchase an additional quantity of bacon from Canadian packers and then to open the market for free commercial importation and distribution. That course resulted in an active demand for all the Canadian bacon, with the result that there is not enough available at present to meet the demand in the United Kingdom. In the case of frozen beef, the ministry agreed to take a large quantity which had been inspected and marked in the full exportation by the packers that it would be purchased by the ministry, in carrying through the arrangement, which was made in this connection, about 7000 tons of frozen beef were sent to Italy. That may lead to the opening of a regular trade between Canada and Italy in this class of beef. I also had conversations with the representatives of the Belgian government with a view to the opening of markets for lightweight beef and for the importation of stockers for fattening and milch cows from Canada for the restoration of dairy herds. The first shipments which have been landed in Belgium and France have given entire satisfaction.

The royal commission on wheat supplies, acting for the inter-allied food council and later for the supreme economic committee and also for the British ministry of food, arranged to take the exportable surplus of wheat as wheat or flour. It was in connection with these matters that I accepted the position as Canadian director of food supplies in Europe and membership in the food section of the supreme economic council. It should be satisfactory and gratifying to Canadians to know that all the exportable surpluses of foodstuffs provided a response to the greatest production campaign have been disposed of at satisfactory prices.

I devoted considerable time to question of removal of the real obstacles on the importation of Canadian livestock into the United Kingdom, commonly known as the cattle embargo. The question was taken up, in the first instance, with the president of the board of agriculture and fisheries for England and Wales and with his consent on the board of agriculture for Scotland.

Resolutions in favor of the removal of the restrictions were adopted by some of the bodies before whom the case was laid and recommendations forwarded by them petitioning the British government to take action for the removal of the restrictions. I discussed the Canadian case with the parliamentary committee on agriculture at the house of commons. Further steps in connection with that matter remain to be taken at suitable time, and I cannot say more than that I am hopeful and confident that some time during the year action will be taken by the British government in the direction which Canadian desires and to an extent which will be satisfactory to our stock-ransers and the other interests concerned.

## WILL CONTINUE STRIKE TILL POLICE QUIT YARDS

Chicago, Aug. 8.—State troops were ordered removed today from the scenes of last week's race riots and the stockyard unions today after a general strike of union workers had badly crippled the packing companies and livestock dealers had notified producers to suspend shipments to Chicago temporarily. Although four regiments, including all troops at the stockyards, were withdrawn tonight by order of Adjutant General Dickson, on request of Mayor Thompson, union leaders declared the strike would continue until policemen and deputy sheriffs also had left the yards.

## A VACATION HINT

BEFORE leaving on your vacation, store your valuable papers such as Your Will, Victory Bonds, Insurance Policies, Stock Certificates, Deeds, etc. in a box of your own in our Safety Deposit Vaults. They will then be protected against fire, burglary, loss or falling into the hands of others. Box rents from \$3. up according to size. Phone or call for particulars.

## AUSTRIA CANNOT CARRY THE BURDEN IMPOSED BY TREATY

Impossible to Deliver Cattle, and Objections Raised to Apportionment of Debt.

Copenhagen, Aug. 8.—A summary of the Austrian note presented to the allied peace mission at St. Germain, France, has been received here from Vienna.

"If German Austria's territorial demands are fulfilled to the minimum extent, the note states, the Austrian people will be unable to carry the burden of the treaty to the note," says the summary. "German Austria will make efforts to believe she can live independently and in peace in this territory. She expects the league of nations will hear her in her hour of distress. On the other hand, German Austria is firmly convinced that the economic burdens imposed upon her by the peace treaty cannot really be carried out, and that if they are not substantially lightened it is bound to collapse."

Dealing with the economic and financial clauses of the peace treaty, the note continues, "The Austrian people for the next few months to deliver milk cows and cattle, as German Austria's children are perishing for lack of meat and milk. Austria must allow herself to be placed under the entire powers financial control, but she expects the reparations committee will be able to consider the demands by her desperate position and grant German Austria the necessary credits to obtain raw materials and foodstuffs."

The note urges amendment, with a view to investing a commission with plenary powers regarding all economic and financial peace conditions, then argues at length regarding "the unjust and unequal division of old Austria's debt among the states which succeeded to the duties of stipulations regarding war loans."

"It seems self-evident," the note continues, "that all states in what formerly was Austria-Hungary should divide the debts of the old monarchy. Apart from the bank note debt, clauses in the peace treaty should be amended so that Austria should be a burden of forty billion marks, thus two-thirds of the entire debt of the Austrian states, without the note debt, is placed on the shoulders of one-fifth of the former population."

The note proposes, as in the case of pre-war debts, that all debts shall be divided by the reparations commission according to ability of individual states to meet them. A similar proposal is made regarding Austro-Hungarian bank notes held abroad. The note concludes with a reference to settling accounts between German Austria and other states of the former monarchy, declaring that stipulations not capable of fulfillment must be removed, and these questions regulated by the reparations commission in order not to prolong the peace negotiations.

## G. A. C. MEN WILL ENTER POLITICAL LISTS

At a meeting last night of the Dominion branch of the G. A. C. preliminary arrangements were made with a view to selecting candidates to contest the Toronto and York ridings in both the Dominion and provincial elections. Further meetings, it was announced, would be held when the names of those running would be made public.

## LABOR NEWS

## GENERAL GUNN DENIES CHARGES

He States O'Leary and Hevey Are Innocent of Accusations Against Them.

Brigadier-General Gunn has emphatically denied the charges made on Thursday night at the Labor Temple by James Simpson to the effect that he was the medium through which both W. J. Hevey and Arthur O'Leary, former officials of the Toronto Trades Council, are alleged to have requested a bonus from the Employers' Association of \$5,000 for the purpose of starting a labor paper in the interests of the employers. Arthur O'Leary, former president of the Toronto Trades Council, and W. J. Hevey, former secretary of that body, have left the matter in the hands of their solicitors, and they informed The World that proceedings had been begun against Mr. Simpson.

W. J. Hevey stated that he desired to emphasize the fact that Arthur O'Leary did not have any connection with any of the charges preferred against him, but also that he had never bought a single share in the paper, and did not own a dollar's worth of interest in it. On the other hand Arthur O'Leary emphasized his opinion that W. J. Hevey himself had conducted his duties upon the various boards and in the labor field generally with the utmost sense of honor. As for himself, he had been born in Toronto and during his fifteen years' experience in the labor movement he knew none could attach to him anything in any sense dishonorable or detrimental to the cause general.

James Simpson was asked as to the nature of that mysterious party alleged to have accompanied General Gunn into the meeting of the Employers' Association when the request is alleged to have been made. "I couldn't tell you that myself," was Mr. Simpson's reply. "I would advise you to ask James G. Merrick, secretary of the Employers' Association."

Brigadier-General Gunn's statement to The World was as follows: "I did not make any proposition to the Employers' Association on behalf of Messrs. O'Leary or Hevey that the Employers' Association was to give any money towards a secret gift, in return for which they would remain loyal to the cause of the labor movement in any way betray their comrades."

"Whether I wish to say emphatically that Mr. O'Leary did not at any time speak to me in regard to a labor paper, or in any way intimate that he was interested in such a thing, I might also add that Mr. O'Leary never at any time spoke to me on any matters which were not in the interest of the labor movement."

"Of Mr. Hevey I can say the same thing. Any conversation he had with me was only in the interest of labor. I have found him straightforward and honest in his dealings and loyal to labor."

So far as the paper known as The Labor Leader is concerned, I have seen copies of this paper. I have seen it to the judgment of the best thinking labor people whether this paper is run by James Simpson, president of the Employers' Association, or by Arthur O'Leary or W. J. Hevey approached any of the meetings with the suggestion that they help him to establish a labor paper. The name of the solicitor for the two men who are instituting suit for libel against James Simpson has not been disclosed.

Opinion at the Labor Temple is that there is no reason to believe that the Labor Leader is the work of the three men implicated in the case. James Simpson, Arthur O'Leary and W. J. Hevey from public affairs in the labor movement. It was stated by some that James Simpson intended to run the paper as a publicity medium, and that having this in mind he would make charges such as he had made, unless he had ample proof to back them up.

The Labor Leader has been deprived of the services of James T. Gunn, who has withdrawn from the board of directors. The directorate now comprises Charles O'Donnell, R. J. Stevenson, H. McKay, Herbert Wright and James Miller.

## LABOR DAY PARADE.

Tom Moore, president of the Trades and Labor Congress, which is to meet at Hamilton this year; John Platt, international organizer for the American Federation of Labor, and James Simpson will address the gathering at Exhibition Park on Labor Day. This, it is said, will be among the most successful of the series of events held in the Queen City. An estimate of the attendance, both at the parade and at the Exhibition at about 20,000, was divided as follows: Public utilities, 3,000; clothing trades, 2,000; metal trades, 4,000; women, 200; printing trades, 2,000; builders, 3,000; and miscellaneous, 5,000.

Among the public utilities are the street railwaymen, who will have a representation of only 200, because the remainder will be on duty, the civic employees, telephone girls and others; the builders will include eighteen trades connected with building industry; the printing trades will include compositors, mailables, bookbinders and pressmen, while among the miscellaneous will be the theatricals, the laundrywomen, the leather workers and other trades only recently organized to note that there are thousands of rubber workers, 4,000 meat cutters and more than 200 retail clerks organized.

It will be understood, then, that the figures quoted for attendance are very conservative. Accessions are fast being made to the ranks of the trades union unit of the Ontario section of the Canadian Labor party, which is to hold a convention, so it is expected, early in September. The latest acquisition is the Plumbers' and Steamfitters' Union, with several hundred members. The Teamsters' Union is favorably inclined toward the movement, and the machinists are expected to join en bloc.

## MASS MEETING IN PARK

Arrangements have been completed for a mass meeting to be held at Exhibition Park on Monday evening, further consideration of the terms of the Winnipeg labor leaders arrested for alleged sedition. Mrs. R. B. Russell and Mrs. Armstrong will address the meeting. Both these women are very well-known in the western city, the latter for her solicitude for the strikers who suffered as the result of

## Doctor Said She Could Not Live a Year TUBERCULAR SPOT IN HER SIDE

Bracebridge, April 22nd, 1919

Prof. R. L. Mulveney:

Dear Sir,—I am very pleased to tell you that your Tape Worm Cure was a God's blessing to me, I only wish that I had got it years ago. I have suffered for over nine years with what I thought was inflammation of the bowels, the time it gave me the most trouble would be about three o'clock in the morning, as regular as clock-work, of course worse at times, so I had the doctor come in when it first started. He told my people that I had a Tubercular spot, and I would only live a year at the most. My people did not tell me of course at the time, but they told be a year ago. Well, I must tell you how long it took your Tape Worm Cure to cure my Tubercular spot. I took your capsules at half past nine Saturday morning and the worm came at half past twelve, without pain, I was so thankful. If you like you can publish this letter and put my name and address to it. I am not ashamed to have it published, for I feel sure there is a lot of people suffering with them, but wouldn't give in. You would think to hear some of them talk that it was a disgrace to have them. They deserve to be sick. Ha, Ha.

Well, I will try all I can to persuade people to use your remedy. My brother wouldn't believe I had one until I showed it to him. I am healthy looking but am a bit nervous.

Wishing You Luck

MRS. WM. DAVIS,  
Bracebridge, Ont.

## Prof. Mulveney Asks You to Come, See and Believe

Prof. Mulveney in His Laboratory.

Free to the inspection of the public at 211 Ossington avenue, Prof. R. L. Mulveney has on exhibition thousands of specimens of parasites expelled from suffering humanity. Hundreds of tape worms may be seen, representing thousands of lives which have been saved by the use of his wonderful remedy. People of all ages have been relieved of these horrid tape worms, even babies have been relieved of worms measuring more than 20 feet long, thus lives saved and their parents made happy. Call and see these bottles. People in all parts of the world are now being cured of these parasites. The professor has seen copies of this paper. I have seen it to the judgment of the best thinking labor people whether this paper is run by James Simpson, president of the Employers' Association, or by Arthur O'Leary or W. J. Hevey approached any of the meetings with the suggestion that they help him to establish a labor paper. The name of the solicitor for the two men who are instituting suit for libel against James Simpson has not been disclosed.

The Teamsters' Union is favorably inclined toward the movement, and the machinists are expected to join en bloc.

Walter Brown, Fred C. Cribben and E. A. W. O'Dell, officials of the Boot and Shoe Workers' Union, will be present at today's session of the provincial council, which will take up some very important matters connect-

Mulveney has just refurnished his place of business. Beautiful wall pictures of highly polished quarter-cut oak which these wonderful demons were eating their lives away. Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm, with one dose of medicine, without any previous starvation. Visit his office where he has in his possession the most wonderful collection of these death-dealing and disgusting parasites which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of worms and others containing the expelled worms, which they cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that have them. Thousands have them, and are not aware of the fact. The letters and testimonials the Professor has in his possession are enough to convince you of this amazing fact. Some of the most prominent symptoms are: Ravenous appetite, dizzy spells, headaches, cramps in the bowels, a feeling of something moving in the bowels, a feeling as though something was crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come away almost any time. They are flat and from three-quarters of an inch to one inch long, which have often been mistaken for pin worms by those who do not know the difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of strong constitution have very little distress.

## How People Feel When They Have Tape Worm

Tape worm is bred from a parasite. This parasite is a creature male and female in one. It is a pear shape, having two, four and six suckers. It lays the eggs, which are only connected together with slime. They develop and form a body, which is the worm. Each joint is an individual, having a sucker or mouth. The worm grows to be much longer than the bowels where it is located, having a sucker or mouth. When they are found, enough to fill a quart of solid worm, and when put in a bucket of water would apparently fill it. It is the hardest task in the world to destroy this parasite without doing injury to the individual who may be so unfortunate as to have it, as the parasite clings to the bowels, freeing itself from the body of the worm, and remains there to breed another. It is an internal demon and causes its victim to suffer all the symptoms of disease imaginable. The cleverest physicians are led to believe the patient is suffering from some other disease, as nearly every person has different symptoms. Some have been treated for cancer of the bowels, consumption of the bowels, constipation of the bowels, chronic dyspepsia, nervous prostration, melan-

cholia, hypochondria, hysteria, inflammation of the bowels, appendicitis and other complaints, when some or more of these internal demons were eating their lives away.

Prof. Mulveney has made the discovery to free the victim of this monster without injury to the system, destroying the parasite as well as expelling the worm, with one dose of medicine, without any previous starvation. Visit his office where he has in his possession the most wonderful collection of these death-dealing and disgusting parasites which have been expelled from hundreds of people by his famous remedy, some bottles containing colonies of worms and others containing the expelled worms, which they cannot imagine how a person could possibly live with them in his bowels. It is surprising the number of people that have them. Thousands have them, and are not aware of the fact. The letters and testimonials the Professor has in his possession are enough to convince you of this amazing fact. Some of the most prominent symptoms are: Ravenous appetite, dizzy spells, headaches, cramps in the bowels, a feeling of something moving in the bowels, a feeling as though something was crawling up the throat. The only certainty of having one in the system is when segments or joints are seen, which come away almost any time. They are flat and from three-quarters of an inch to one inch long, which have often been mistaken for pin worms by those who do not know the difference. There are many other feelings of distress, which would take too long to enumerate. Strange to say, some people of strong constitution have very little distress.

Prof. Mulveney's world-famous Tape Worm Extirpator is safe, sure and harmless. No starvation, no danger, is not disagreeable to take. One dose nearly always effects a cure. Further information free. Send stamped envelope or call at Prof. R. L. Mulveney's, 211 Ossington Ave. (Phone Park 4830), Toronto.

## TRADING SHIP ARRIVES AT BLACK SEA PORT

Park, Aug. 8.—The American steamer Kippack, carrying \$500,000 worth of cloth, shoes and various manufactured goods for exchange for Russian wheat, has arrived safely at Novorossiysk, a non-Bolshevik port on the eastern coast of the Black Sea, where she is unloading. The Kippack was purchased from the United States Army Red-Cross.
