CANADA'S FOREIGN TRADE SHOWS SIGNS OF GROWTH

An Increase of \$22,000,000 Over Four Months of a Year Ago.

OTTAWA, Aug. 21.—Canada's foreign trade totaled \$214,156,015 for the first four months of the current fiscal year beginning April 1. This is an increase of \$22,090,045 over the corresponding period of last year.

During the four months the imports cotalled \$131,803,070, an increase cf \$25,010,424. Imports of dutiable goods totalled \$77,766,121, an increase of \$15,-470,746. Free imports totalled \$71,730,-825, an increase of \$9,703,760. Duty col 825, an increase of \$3,105,105. Day in-lected amounted to \$20,398,734, an in-crease of \$4,214,436. There was a decrease of \$1,948,658 in the volume of exports, which totalled \$82,352,945 However, exports are now showing a tremendous increase, and it is expected that the remaining months of the year will more than make up for the alling off of the first few months.

During the four months exports of products of the mine showed an increase of \$743,832; agricultural products decreases in exports for the period animals and their products, \$5,022,373; manufactures, \$342,148. During the month of July the volume of exports took a remarkable jump of \$11,174,051, totalling for the month \$27,722,599. Exports of products of the mine showed for the month an increase of \$3,500,000. products of the fisheries an increase for the month of \$850,000, lumber an increase of almost \$5,000,000, animals and their products a decrease of \$1,-000,000, agricultural products an increase of 35,250,000, and manufactures an increase of almost \$750,000.
