

A LEGACY OF DISEASE.

Veterans of the War Repaid in Suffering and Disease.

For Over Twenty Years Mr. John Sherman Suffered from the Tortures of Inflammatory Rheumatism.

From The Prescott Journal.

There is no man in the Township of Edwardsburg who is better known than Mr. John Sherman. He is one of the many Canadians who at the outbreak of the American rebellion, joined the army of the North, and to the exposure and hardships which he endured during that trying and perilous time does he owe the long years of suffering which he has since undergone. The writer remembers seeing Mr. Sherman a few years ago, when he was so crippled with rheumatism that it was impossible for him to walk, and he was being carried in a chair by two men. He had been in the hospital at the time, and he was being carried in a chair by two men. He had been in the hospital at the time, and he was being carried in a chair by two men.

MATTERS IN WALL-STREET.

Stock Market Was Heavy at the Opening on London Selling, But Recovered in the Afternoon.

New York, Feb. 5.—The Evening Post's Wall-street article says: The stock market's early tendency to-day was heavy, largely due to the resumption of a moderate scale of sales by London. In the afternoon the selling pressure seemed to be exhausted and prices recovered, many stocks regaining their opening quotation. Bonds at the same time became again extremely strong and active, closing at best.

The only quarter of the market, however, in which any continuous activity existed was in the industrial shares, which speculators sold on their apprehended uneasiness over the legislative investigation. The committee began to work to-day and went through the preliminary motions of a serious inquiry. These Albany statements have entered on a field where there is some chance for sincere executive labor, but nobody, in or out of Wall-street, has the slightest notion that the committee's purposes are serious. However, in default of anything better in the way of news, the opening of the Lexow investigation did its service for the speculators.

Forty Thousand Orphans as a Result of the Massacres.

New York, Feb. 5.—The National Armenian Relief Committee recently forwarded to Turkey \$25,000. They have just received a cable message from the International Committee at Constantinople, of which the British Ambassador is chairman, acknowledging the receipt of the money and stating that the funds in hand are entirely inadequate to meet the awful suffering and destitution, and that careful investigation has shown that not less than 40,000 children have been made orphans by the late massacres.

Burglars Robbed Bell & Sons.

St. George, Ont., Feb. 5.—Burglars went through the safe of B. Bell & Sons last night and secured about \$250 in cash. They secured entrance by drilling a hole in the door of the safe and cracked the bolt with a punch and sledge hammer. Having broken their own drill they went to the blacksmith shop of the foundry and selected what they wanted to finish the job.

Discussed Social Problems.

"The Reign of the Common People" was the subject of a most able lecture given by Rev. Charles Eaton in the Methodist church last evening. The lecturer was a factor in forming a public school, socialism or anything of that kind would be a disaster to the country. He praised the power of education, which led people to think and act for themselves. Religion was a factor in forming a nation. The intellect was elevated. Socialism was a disaster to the country. The White Dove of Peace.

The Church of St. John the Evangelist, St. Andrew's, is the location of another contest in the "White Dove of Peace" contest. The contest is between some of the members of the church and some of the members of the choir.

The story is that a month ago the members of the girls and boys' Bible classes combined and gave an at home. Some members of the choir did not receive invitations, and felt hurt at the oversight. The who use Holloway's Corn Cure.
