YORK COUNTY AND SUBURBS

Judge Morgan Hears 1143 Appeals Against the Voters' List at Toronto Junction.

WEIGH SCALES FOR STOCK MARKET

York Township Council Held a Special Meeting at Eglington Yesterday.

Toronto Junction, Oct. 21.—Judge Morgan held Court of Revision in the Town Hall this morning upon the 1143 appeals against the voters' list.

All the duplicate additions to the list asked for by Conservatives and Reformers in Wards 1, 2 and 3, numbers 180, were allowed; thus 30 names were put on. An adjournment was made until 8 o'clock on Thursday evening, Oct. 23, to consider the other appeals.

J. W. St. John appears for the Conservatives and A. J. Anderson for the Reformers.

Today workmen are busy putting some very large weigh scales into the stock market. Several of the buildings are nearing completion, and the C.P.R. line has been extended along Toronto-street to Keele-street.

Mr. J. D. Allan, president of the company, is away on business this week and will not return for about three weeks.

On his return a meeting of importance is expected, and it is thought that by then the yards will be in a position to receive business on Sunday.

Several stockmen and farmers visited the yards and expressed themselves as favorably impressed with the progress made.

A very good bicycle, which has been in the possession of the police since Oct. 10, apparently has a little history in connection with it.

It has been discovered that there is an impression upon the saddle, made with some sharp instrument, which is intended to read: "Return to Toronto Sporting Club, near Huron and College-streets." This wheel was left at the back gate of Mr. Bell's residence, No. 201 Wiloughby-avenue.

What became of the rider and the way in which the wheel was lost has no enquirers.

Some boys spent Sunday afternoon in damaging slates and injuring the plumbing in the new house Mr. Hall is erecting on Cavithra-avenue. The police are investigating.

WESTON.

J. Wardlaw, son of Mr. Peter Wardlaw of this village, lost all his season's crop and implements on Saturday by fire, the origin of which is unknown.

All the out-buildings were consumed. Mr. Wardlaw's farm is near Brantford.

The ladies of the Presbyterian Church will give a concert in the school room on Thursday evening. Refreshments will be served at the close.

An congregational meeting of the Presbyterian Church will be held on Wednesday evening to elect a new treasurer, to discuss finances and to arrange for the organ debt. On Sunday, after service, a meeting will be held to nominate elders.

The annual fowl supper in connection with the Methodist Church will be held on Tuesday, Oct. 23.

EAST TORONTO.

A. E. Ames and family have left their summer residence, Glen Stewart, for their town house on Sherbourne-street.

The residents of Little York are pleased at the action of the Council in letting the contract for lighting the streets to the Carbon and Meridian Arc Light company.

J. Smith, farmer, who lives on the old property, the Town Line of York and Scarborough, got thru with his threshing yesterday. He had a magnificent crop of oats, which he threshed on his own place.

John McLeod died at the age of 80 at the residence of his son, Alex. McLeod, on Swanwick-avenue, on Friday night last. He was born in the Isle of Skye, and came here in 1847, settling on the lot now owned by N. H. McLeod, the well-known railway civil engineer, who is now with Mackenzie & Mann in their railway enterprises.

The funeral takes place today to Norway Cemetery.

John Everist, who recently sold out his wholesale milk business, has started in business again as wholesale butcher and cattle-buyer.

Fred Johnson of Port Union was riding on the caboose of a freight train yesterday, when he fell over the side and crushing the foot of the other. He was placed on an engine and Dr. W. R. Walters at the General Hospital.

K. H. N. Arnham, of Melsons Bank, Ottawa, is visiting his brothers for a few days.

HIGHLAND CREEK.

The attention of our readers is directed to the sale of a farm and farm-stead, the property of the late Mr. Reeves.

The property is a most desirable one, the soil admirably adapted for both stock and grain raising, splendidly located in the Township of Scarborough, and within easy access of the City of Toronto.

Containing the purchase of a homestead embracing all these advantages are at this time afforded an exceptional opportunity for acquiring a home. The sale will be conducted by the well-known firm of Eckhardt & Prentice.

NORTH TORONTO.

A meeting of the Town Council will be held this evening.

A petition is being largely signed by patrons of the Metropolitan Railway, asking that there be some additions to the time-table of the Glenview cars.

The petitioners ask extra cars leaving Glenview at 7 a.m. and 7.30 a.m., and leaving the C.P.R. track at 8.40 p.m. and 7 p.m.

The cars at these times of the day are not frequent enough, and if the railway management could see their way to accede to the request they would do the town a tangible benefit.

Mr. S. J. Douglas presided at the monthly meeting of the Residents and Property Owners' Association last night at the Town Hall. It being the first meeting since the resignation of Mr. Douglas.

He thanked the members for the unqualified support that had been done him in his election as president of the association.

Mr. T. Manton, A. McKinley, H. Plant, E. West, E. Roberts, A. F. Banks, T. Moxon, F. W. Kingston and J. J. Moses were elected members of the association.

A committee was appointed to consider the advisability and best method of starting a public library and reading room in the town of North Toronto, the committee consisting of the Mayor, the president of the club at the town hall, and the president and secretary of the association.

A committee was also appointed to make inquiries as to the best system of public street lighting suitable for the town's requirements. The association de-

CEGAR GROVE.

The annual match of the Cedar Grove Plowing Club to-morrow promises to be one of the best in the history of the town.

The farm of D. H. Russell, which has been selected for the purpose, is within half a mile of the railway, and is well watered.

The Cedar Grove Plowing Club have shown most commendable enterprise in their encouragement of this, one of the most important branches of agricultural life, and a hearty response, in both contributions and competitors, is being given.

Those desiring to compete, and who have not already made their entries, may do so on the morning of the match, with the secretary, Mr. James Malcolm, at the Mansion House, Stratford.

YORK TOWNSHIP COUNCIL.

A special meeting of the Council was held yesterday at Eglington. All the members of the Council were present, and owing to the passing of the royal couple that night the meeting had a somewhat unusual character.

A numerously signed petition had, however, been presented, and was presented to the Council. Mr. Maclean thought that the residents had now assumed the responsibility of the light they required.

The terms of the agreement of the Township Council with the Meridian Hydro-Carbon Light Co. for the supply of seven arc lights was thoroughly discussed. It was decided to rescind the resolution empowering the Reeve to sign an agreement with the Gas Consumers' Company for lights, and that the township solicitor should draw up a township order for the supply of seven Meridian Hydro-Carbon arc lights at a cost of \$80 each for the lamps, and \$31 per light for each year's maintenance to be in force from the 1st of January in 1902.

Mr. A. Cherry of the hotel on the town line between Vaughan and York Township asked the Council to make some improvements on the town line, cutting down the hill and opening up the water course. The Council, however, would not assume any responsibility, and would do nothing until Vaughan had been heard from.

John Langstaff & Sons applied for permission to build and operate an electric railway from the head of Bathurst-street at Wells Hill, and to follow the old line of the Vaughan plank road, third concession of York, to town line of York and Vaughan, thence to fifth concession of Vaughan. Mr. Langstaff was present, and Mr. Maclean suggested that he should get his company organized, as nothing could be done with private individuals. Mr. Langstaff promised to see the Council again.

Mr. Joseph Barrett, the promoter of the Humber Power and Light Co., together with the Council and their solicitor, Mr. John Kyles (Bull & Kyles), discussed the terms of agreement between the township and the company. Several changes in the drafted agreement were made, and a bylaw will be prepared for the next meeting of the Council, when it will be carried that the Council passed a bylaw postponing the sale of lands for taxes for one year.

SALE REGISTER.

Thursday, Oct. 24.—Auction sale of a valuable farm, farm stock, implements, etc., on lot 18, con. 5, Vaughan (Vellero), the property of the estate of the late John McKinnon. The farm consists of 98 acres, 100 acres of fall wheat on the ground. The soil is of a clay loam, level and in a high state of cultivation, convenient to school and post-office. On the premises are two dwelling houses, one good frame barn, stables, two good wells and a small bush, also a good fruit bearing orchard. This is a desirable property, and will be sold to

the highest bidder.
