BREAKING A RAILWAY MONOPOLY. The bill now before parliament o validate previous legislation for to validate previous legislation for the Victoria, Vancouver and East-ern Railway will break the rail-way monopoly that has been a bur-den and a handicap on southern British Columbia for many years. The directors of the railway are all Canadians. The road will run from Vancouver to Rossland, where it will connect with the Great Northwill connect with the Great Northern. Every British Columbia representative is pledged to support the bill. Every candidate of both parties supported it in the last campaign. It means much for a very large and important part of the province, as it will secure needed competition in railway transportation. and no bonus is asked.

and no bonus is asked.

The bill is being flercely fought in the railway committee. Every Conservative member and a few Quebec Liberals oppose it. The C.P.R. is doing its utmost to defeat the bill, and has the support of Mr. W. F. Maclean, who, when it suits his purpose, poses as the one solitary defender of the people's rights against the monopolistic corporations. A more unjust monopoly than that which the V., V. and E.
