American President Thrills American Labor Convention at Buffalo With Call to Crush the German World Menace.

Auditorium, Buffalo, N. Y., Nov.

12.—President Wilson today delivered a message to the workmen of the United States in an address before the annual convention of the American Federation of Labor. His entrance to the convention hall was the signal for a tremendous outburst of cheers from the six thousand persons assembled to hear him.

Samuel Gompers, president of the federation, in introducing Mr. Willson, referred to him as "this man of destiny, spokesman for freedom, interpreter of the aims of spirit of our time, leader of thought and action among the nations of the earth."

Must Draw Together.

Mr. Wilson began by saying he esteemed it a privilege and an honor to be present, as it seemed to him a time above all others for common council, "a time for drawing the energies of the nation together."

The president referred to the present as a "time more critical than the world has yet known."

It was important "in this moment of counsel to remind ourselves how the war came about," and continued: "This is the last decisive issue between the old principle of power and the new principle of freedom." not satisfied? What more does she want?"

The president described Germany's expansion as a nation. "You have an answer to the question why she was not satisfied in her methods of competition," he said, telling how the Government of Germany had "laid hold of industry" and controlled the competition. He said it was not only industrial control of labor, but political control as well.

The Berlin-Bagdad railroad project was designed to run the force of threat down the flanks of half a dozen other nations.

The president referred to Germany's "map of Europe," and said that "if she can keep that she will control the world, provided the present authorities that control." "Germany is determined that the political power of the world shall belong to her. It is amazing to me that any groups should be so misinformed, as in certain circles in Russia, as to believe that they cannot live without danger from Germany. The president referred to the sending of Col. House to Europe "as having sent a greater lover of peace than any man in the world, but I did not send him to negotiate peace: I sent him to determine how the war is to be won."

Hamilton, Nov. 12.—With the crash of cannon, ringing of bells and shricking of whistles, Hamilton opened its big drive for the Victory Loan at 9 o'clock this morning. The streets are ablaze with victory slogans, flags and bunting, and one thousand picked salesmen and businessmen are combing the city for prospective purchasers. Hamilton is asked to raise \$8,000,000. It expects to double that amount. Sir Thomas White and Capt. A. T. Simmonds, military observer of the United States anmy, addressed a mass meeting here tonight.

A statement of the amounts subscribed at various centres will likely be available later in the afternoon.

SOUNDED LIKE BATTLE. Toronto, Nov. 12.—Ten thousand automobiles tooted and shricked, factory whistles roared, school bells rang for several minutes, and there was a general din like unto a battle in Flan-ders when the Victory Loan campaign was inaugurated here this morning. Brokers and banks report an early rush of all classes of people to buy the bonds.

A NOVEL FEATURE.

Halifax, N. S., Nov. 12.—The Halifax publicity committee of the victory war loan campaign have introduced a novel feature in their advertising. Each evening at 7 o'clock during the canvass the engineer of the electric and tramway stations will turn off all the lights in the city six times in fifteen seconds. The six interruptions in the campaign stand for the following six words: "Have you bought your Victory Bond?"

GOOD SALES AT KINGSTON.
Kingston, Nov. 12.—The Victory Loan campaign started here at 7:30 Sunday right, when electric flashes told that bonds, were ready for sale. The advertisement halted all church services for a minute. SOME of the whistles got an early start and got in a few blasts before 9 o'clock, but the majority started promptly on the hour. The excessive blowing of locometive whistles made a large number of citizen hink that they were asleepu, or at least trying to do so. The brass band of the 1st Depot Battalion, W. O. R., paraded to the Victory Loan headquarters, and then led the march of the workers through the streets.

A hundred prominent citizens, headed by J. J. Foote, chairman of the canvass committee, marched and started out shortly afterwards to dispose of Victory Bonds to the citizens. The workers are confident that London will do its duty, and all little more.

Stirring and Dramatic Scenes at Provincial Liberal Gathering of Western Province.

Edmonton, Nov. 12.—Six hundred delegates, representing every constituency in Alberta, attended the provincial Liberal, convention held in this city Saturday. Stirring addresses were made by Hon. Frank Oliver, Hon. A. G. MacKay, M. P. P. for Athabasca, and dozen other Liberal leaders of the province, including Mrs. H. C. Knight and Mrs. J. R. Knell of Edmonton, who denounced the Government for its partial disfranchisement of women and others.

Hon. Arthur Sifton was singled out as a mark by his former associates, and the appearance of Sergt. Holmes Jowett, late of the Princess Patricias, who as a Labor candidate is opposing Mr. Sifton in the Medicine Hat riding, was greeted with a hurricane of appleause.

A Dramatic incident of the whole convention at the very close, was the appearance on the platform of Jos. A. Dobrey of Edmonton, born in Austria, who came to this country when a child and who comes under the operation of the elections act. With one son at the front and another in khakl, he waved aloft his naturalization certificate and bitterly denounced the Government, which he declared had made it as worthless as the "kaiser's scrap of paper." Cries of "Shame! Shame!" greeted his words.

The resolutions, which we couched in the strongest possible language and were passed unanimously, approved of the platform of the Winnipeg Liberal convention of dovernment, and reaffirmed confidence in Sir Wilfrid Laurier, his judgment and leadership. Local Campaign Started By

In brief, the city was covered with a regular barrage of noise, such as possibly has not been heard in recent years.

Everybody did not know what the noise was for. It was, however, a striking reminder that the Canadian people were starting out to raise \$300,000,000 to show that Canada is in the war to the finish.
