# FURNITURE

Gives Pleasure to More People More Often Than Any Other Gift

Did you ever stop to consider how many people might enjoy a Christmas gift of Furniture besides the one who received it? Everyone in the home shares its enjoyment, and furniture is a gift that will serve as a lasting tribute to your good judgment in its selection, because it will endure; it isn't forgotten in a few days or months; its enjoyment is permanent, and in these days when our Government asks us to conserve, certainly the buying of impractical gifts is to be discouraged. Let the year's gifts be of a sensible nature. There are many such gifts here.
