ACCIDENTS OF A DAY

Three Men Injured—Crusade Against Illegal Resorts. HAMILTON, Aug. 24.—(Special.) Other arrests are likely to follow.

Miss Mabel Cooper, 25 Garth-street, died from lockjaw this morning. Some time ago she stepped on a rusty nail. William DeFoor, 111 Chestnut-avenue, had one of his feet crushed at the steel plant this evening.

AN HEROIC MOTHER

Leaps Into Deep Water to Save Drowning Child. KINGSTON, Aug. 24.—Unable to swim, Mrs. C. I. Batic, wife of an employe of the Royal Military College, last night leaped into 16 feet of water to rescue her two-year-old son, Charlie, who was sinking for the last time. Mrs. Manning, a neighbor, saved both lives by extending a long pole.

Gramophone Can't Be Stopped by Law. KINGSTON, Aug. 24.—Robt. Lipman, owner of the Princess Theatre, was in court today for infringement of civic ordinance recently for running his gramophone to the disturbance of citizens. The council thought it had the matter clinched, but the magistrate after hearing the evidence decided that the noise was not unusual and dismissed the complaint. He said the whistling by steamers in the harbor might be disturbing, but it was not unusual, and the same applied to gramophones.

A MINISTER'S SUCCESS IN BLOODLESS SURGERY

Acting in Co-operation With Boston Physician, Puts Life Into Woman's Paralyzed Limbs. BOSTON, Mass., Aug. 24.—Rev. Dr. W. J. Stewart, a Baptist minister from Brampton, Ont., who three months ago gave up preaching to bend all his energies in the direction of mental healing, and Dr. William B. Hadden of Boston, have successfully performed a scientific experiment which, it is declared, constitutes the greatest step yet taken toward bloodless surgery.

The doctor and the minister restored to Mrs. Mary Zief of 12 Ash-street, Chelsea, the use of her limbs which, since Mrs. Zief's frightful experience in the great Chelsea fire, have been paralyzed and practically paralyzed. For some weeks Rev. Dr. Stewart sought to prepare this patient to enter the experiment by a carefully thought out system of mental suggestion.

Mrs. Zief was sent into a quiet and peaceful slumber by the use of chloroform, but before this she was given a strong series of suggestions as to what would occur while she was unconscious. She was told that when she opened her eyes the use of her limbs would be restored to her, and as the suggestions had been methodically given her each day for a considerable time, Mrs. Zief firmly believed she would wake up with her limbs restored, and that is what happened.

When Mrs. Zief sank into an unconscious condition the minister mentally concentrated on the result he desired, and, under Dr. Hadden's observation, began a manipulation of the muscles and gradually drew down the limbs which were fixed upon the thighs and the thighs upon the pelvis. The experimenters claim that in response to the manipulation and an evident consciousness of the sleeping patient, the limbs were brought into position intended by nature.

It is 15 years since Rev. Dr. Stewart held a pastorate at Brampton. He came from the maritime provinces, and, after two years at Brampton, left for the western states. He would be about 60 years of age. Rev. Dr. McKeay of the Canadian Baptist said that from his recollection Dr. Stewart would be a man singularly gifted for such an experiment as that announced.
