Each one of the above four lines of figures spells a word. This most interesting puzzle can be solved with a little study, as follows: There are twenty-six letters in the alphabet, and we have used figures in spelling the four words instead of letters. Letter A is number 1, B number 2, C number 3, etc., throughout the alphabet.

**USE YOUR BRAINS.** Try and make out the four words. **ACT QUICKLY.** This is a chance for clever persons to win Cash and other Prizes with a little effort. Write the four words, with your name and address, neatly on a piece of paper or post card and mail to us, and we will write you at once, telling you all about it. You may win a valuable prize. **Act Promptly.**

### Playing Billiards At Home —ON A— Brunswick "Baby Grand" Billiard Table.

The most popular indoor game to-day is Billiards. No need now to have a specially large room to accommodate a Billiard Table. Our Baby Grand Billiard Tables are made in sizes that suit rooms as small as 14 ft. 6 in. x 14 ft. 4 in.

Nor is there need to devote the entire use of the room to the Billiard Table. Our combination Davenport and Billiard Tables or Dining Table and Billiard Table allows Billiards to be played on a perfect Brunswick Billiard Table that can be used for other purposes as shown by illustration.
