STANSTEAD WESLEYAN COLLEGE

Has been founded to provide for the higher education of Protestant youths of both sexes. While owned by the Methodist Church of Canada, other denominations are represented upon its Boards of Management and Instruction. Its influence is designed to be positively *Christian, Evangelical, Non-Sectarian*. Religious preferences of parents are respected. The Principal and most of the teachers reside in the building, and over all entrusted to their care, patrons may rest assured the most conscientious guardianship will be exercised.

The College has been in operation since Jan. 1874. From the first it has taken a high rank among the educational institutions of the country. During the past year, its previous favorable reputation for thoroughness of instruction has been more than sustained.

Stanstead as a site for such an institution, is unquestionably unsurpassed in regard either to salubrity, or to charming and varied scenery, while its rare natural advantages are supplemented by art and culture. Owl's Head, Mons *Elephantis*, Mount Orford, etc., form a panorama of peerless beauty.

The building is an elegant and substantial structure 142x52 feet with a wing 37x42 feet. The spacious rooms are well lighted, heated and ventilated. The portion of the building occupied by the ladies and gentlemen, are completely separated by apartments of members of the Faculty, the internal arrangements being designed to secure the harmonious and effective supervision of all that relates to the educational and moral control of the students.
