Was Pulled Through THE TRYING TIME IN A WOMAN LIFE

Mrs. H. C. Mendenhall, 225 Seaton street, Toronto, Ont., writes—"I have used Milburn's Heart and Nerve Pills and found them to be of great benefit to me. In fact, I consider they saved my life, and I have told many of my neighbors about them."

Two years ago last November I was in poor health. The doctor said it was change of life, as I was over forty years old, and that I would have to be very careful of myself. Shortly after that I received an awful shock that nearly killed me. The doctor my husband sent for said I would soon be all right, and sent up some medicine, but it only seemed to increase the trouble. I was then taken to the hospital. The doctors examined me, but could not understand my case.

Then they sent for a specialist, as they began to think it was my mind. When the specialist came he was baffled, for I answered his questions all right. Every day I was getting weaker, and when my husband came he could see that I was going, as I could read his thoughts, but said nothing.

Next day a friend came with a call and took me to their home. They got a box of Milburn's Heart and Nerve Pills. I started taking them and began to get better, and at the end of two weeks I could walk around the room. I am now well and able to do my own work.

APPEAL FOR THE WAR SUFFERERS.

At this season of the year when the human heart has the sympathy of its fellow man by greetings and good wishes, let us not forget those unfortunate war sufferers in the land of misery and devastation where thousands of men, widows and orphans are perishing from want of food and shelter, without even a roof over their heads. Though they are far away from us in distance yet their cries for help touch our hearts. It is for those sufferers that we appeal to the generous public of St. John. Help to sustain the lives of thousands of unfortunate human beings by giving generously on Jan. 7, the day tag granted to the committee by his worship as a tag day for this cause.

The proceeds of this tag day will be sent immediately to the joint distribution committee at Montreal and will be distributed through their agency as designated by them. The Jewish committee of St. John have their organization since the beginning of the war and have already sent over \$8,000 for the relief of the war sufferers. 91529-1-8.

At the evening service the pastor delivered a very practical address on "The slogan of the dreamer: Tomorrow." The anthem "O Worship the Lord" was very well rendered. The male quartette, "Somewhere 'The Sun Is Shining," was especially well sung.

Soldiers Home Coming Campaign

War Work and After-War Work

of the

SALVATION ARMY

"FIRST TO SERVE—LAST TO APPEAL."

If one institution in the Empire was prepared for war, it was the Salvation Army. For fifty-three years it has been relieving distress wherever and whenever the need arose.

The Salvation Army has always been organized on a military basis—inured to hardship, sacrifice and service. It is always in action, day and night.

When the War came, intensifying human suffering and the need for bodily and spiritual help in a thousand ways, the Salvation Army was ready.

The twelfth day of the war found the Salvation Army at work behind the lines in Belgium. It has maintained 197 huts, 60 hostels and 40 rest rooms; 1,200 uniformed workers and 45 ambulances have been in service at the front—in addition to taking care of the needs of soldiers' families here at home, assisting the widows and orphans, and relieving distress arising from the absence of the soldier head of the family.

Hostilities have ceased, leaving vast and complex problems, and these problems arise notwithstanding all the Reparation work the Government has undertaken, in addition to the granting of pensions. Above and beyond what other agencies are accomplishing, there are thousands of cases of urgent human need among soldiers' families that the Salvation Army is trained and equipped to meet—provided the financial help is forthcoming. Hence—

The Salvation Army Million Dollar Fund

JANUARY 19th to 25th

While it could do so, the Salvation Army has carried on without any general appeal. Now the crisis has arisen, because our three hundred thousand soldier boys are returning. The budget for essential work during the coming year has been prepared. A million dollars must be raised to continue the after-the-war activities, which include:

Hostels for Soldiers

Salvation Army hostels are vitally necessary for the protection and comfort of the soldier at the many stopping places between France and his home here in Canada. These hostels—or military hotels—provide good food, clean beds, wholesome entertainment at a price the soldier can afford to pay. In addition to hostels already in operation, many more are needed near stations and landing places, from Paris, through London, Halifax, St. John, right through Canada to Vancouver. If the boys do not have the hostels, WHERE would they go?

Care of the Wives, Widows, Dependents and Orphans of Soldiers

Scores, and hundreds, of cases could be cited where soldiers overseas have been comforted by the assurance that the Salvation Army had stepped in to relieve their families from dire need. For instance, a mother with six children is discovered—no fuel, weather freezing, food and funds exhausted by sickness and other troubles. They are taken to the Salvation Army Emergency Receiving Home for a few days until their home is made habitable once more. Widow of soldier sends for help: Salvation Army workers cope with immediate necessity—send mother to Maternity Home, three children to Emergency Home. Winter and 300,000 boys returning increase the demands on the Salvation Army, whose personal help alone is of avail.

The service of the Salvation Army, founded on sacrifice, demonstrates the true Christian spirit. It is directed to the extension of the Kingdom of Christ. For two generations the Salvation Army has stood out and out for God.

It approaches practical problems in a practical way and achieves results. It co-operates with all—overlaps none. It recognizes neither color, race, nor creed. No organization does greater work at less cost. To carry on its great work among the 300,000 returning soldiers and their families, it must have financial help. On its behalf members of the Dominion Government, business men, and returned soldiers endorse this appeal for funds.
