Toronto Sells 'Mighty Tim'

Toronto, July 24.—The expected shake-up in the Toronto baseball team has arrived. President McCaffery announced last night that "Mighty Tim" Jordan has been sold to the Buffalo club. Jordan has been in a batting slump all season, and his 1912 hitting has been sadly missed.

The Toronto club is close to the salary limit with the new players secured within the last few weeks and somebody had to go. Jordan will report to the Buffalo club at once.

The Reds
It is surprising what had hitting the Cincinnati team has done this year in winning only thirty-three of its eighty-eight games. There are many men over 300 on the team, but Cincinnati is well represented in the honor class. However, there are more players hitting over .375 on the Cincinnati team than in any of the other seven clubs, and with the good hitting the team has been doing some steady work in the field.

The main trouble with the Reds has been in the pitching staff, which has not come through very well. Of the eleven boxmen Tinker has tried his season only one has been able to split even this being Benton, whose record to date is nine games won and nine games lost. Benton, Ames, Johnson, Brown and Suggs have been the main staff of the Reds, while a few games have been pitched by Packard and Harter. Powell, Smith and Works have also been tried out.

Early in the year the Reds secured Ames from the Giants and Fromme went over to the New York camp. Before McGraw took him Fromme had won one game for Cincinnati and had lost four games, but under the Giants standard has had a considerably better record. Ames has been held responsible for ten of the Reds' games this year, and of these he has won three, losing seven.

Struck Out Twenty-Two
What is believed to be a world's record was established at Dunkirk the other day by Eddie Matteson of the Pullmans, when he fanned twenty-two men in a fourteen inning game. The Pullmans won the contest against the Alcons, and the local twirler allowed but five hits. Matteson was in rare form in the contest, and the further the game went the more effective became his pitching.

Up to Saturday, according to the baseball records, the best strike out record was twenty-one in a game. In 1900 Mike Lynch, a college pitcher, struck out twenty-one opponents and in 1911 Pitcher Connelman of Brown fanned twenty-one Columbia batsmen; and later Pitcher Gillens of Sewanee, at Clarksville, Tenn., duplicated the trick, pitching against the S. F. U. college nine.

Dan Comerford has charge of Sockalexis, and he speaks highly of the Indian's condition. Dan says he is in great shape and will make all the others hustle from start to finish. 2,000 MILE AUTO TRIP

Charles H. Edgecombe and Party Had Remarkably Good Luck on Tour to New York and Return.

(Frederick Gleason.)
Charles H. Edgecombe, A. B. Kitchen, Albert Smith and W. R. Worman arrived home yesterday after an extended auto trip to New York in Mr. Edgecombe's McLaughlin-Buick automobile. Mr. Edgecombe and party enjoyed the best of weather, not having a rainy day on the trip. They also had no engine trouble at all, and only three punctures, two of which occurred as they were heading garages and the other on the road. They only changed one tire on the trip.

Leaving here they went to Bangor, Portland, Boston, Newport, R. I., Narragansett Pier, and finally New York. It was on the trip to New York they had the longest daily run of 187 miles from Rumford Falls to Bangor.

They returned via the White Mountains and at Bangor were joined by A. B. Kitchen's son, Walter, who returned home with them.

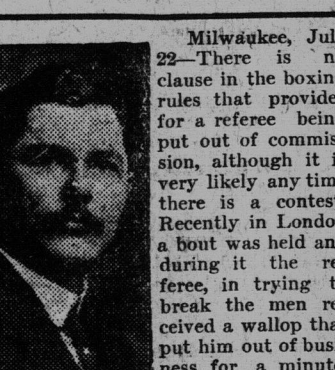

This is the second trip for Mr. Edgecombe's car, he having made a similar trip last year with equally good results. The average daily run for the car on the trip was between 125 and 140 miles.

When the Referee Was Knocked Out

FROM T. S. ANDREWS

Milwaukee, July 22.—There is no chance for the club promoters to get together and formulate some rule to cover the point in question.

Bob McAllister, a Pacific coast middleweight, who has been making such a fine showing in the last six months, and whom Jim Corbett says is the coming middleweight champion, intends to make a tour of the middle west and east soon.

He will be accompanied by his brother, who will have charge of the arrangements. He is particularly anxious to get on with Eddie McGoorty and Jimmy Clabby and may come to Milwaukee with that object in view.

Bob has had several fights since turning professional and has done well in all of them. However, he will find Dillon, McGoorty and Clabby pretty hard game to tackle, but if he can run the gauntlet with that crowd then he will have a right to consider himself as a candidate for the title.

LABOR ORGANIZER HERE

Organizer J. E. Potts, of the United Brotherhood of Joiners and Carpenters, arrived in the city yesterday and was present at the meeting of the carpenters held last evening. Mr. Potts is on an extended tour through Canada in the interests of organized labor and will visit all the leading cities.

He told The Telegraph last night that while here he would lend all his influence to the movement that is reported in action towards the settlement of the millmen's strike, and hoped that he would see its realization.

McGraw's Great Left Handers, Marquard, Better Than Ever

RUBE MARQUARD.

Sailing along in front of the National League, with the pennant in sight—having gained the lead after an uphill climb, the Giants are sailing along easily and McGraw is not forced to work his stars over time. Instead, the clever little leader is taking advantage of the situation, giving his youngsters a chance wherever opportunity offers and permitting the veterans to take things easy after slowly rounding into shape, is that they may be in better condition when called upon for heavy work.

At this time last season Marquard, with a long string of victories, was faltering. This year the great left-hander after slowly rounding into shape, is that they may be in better condition when called upon for heavy work.
