"That representations have been made to the minister of the interior by the licensees, that this new regulation makes the dues on the lumber sold in the province and shipped to the province of Manitoba and the Northwest Territory higher than formerly, when they paid a royalty of five per cent on the sales. instead of a fixed rate of fifty cents per thousand feet.

The royalty thereon would therefore amount to from thirty-five to fortyfive cents per thousand feet less than the dues of fifty cents per thousand prescribed by the order in council of 25th of July last, above referred to.

"The minister recommends, as it was the intention of passing the said order to give relief to the licensees instead of on the lumber cut by them, that the dues on lumber sold in the province and exported to Manitoba and the Northwest Territory be 5 per cent. royalty on the sales, and that the dues on lumber be at the same rate less a rebate of 40 cents per thousand feet."

The Annual Meeting Shows an Encouraging State of Affairs.

The thirty-fifth annual meeting of the First Presbyterian church was held last evening. The Rev. Dr. Campbell presided. The reports were very encouraging, and must have given great satisfaction to the pastor and the people. The session's report showed that 52 members were received into fellowship, 43 infants were baptized and 28 marriages were solemnized during the year. The report of the Ladies' Aid Society was written with a pen dipped in suushine, and had nothing but words of good cheer. The talent system was adopted and well sustained.
