Mind Readers

You select the cloth, see the fashion plate, and form a mentalimpression of how a chosen style would look on you.

The Tailor's idea differs, and the suit, when finished, looks as he thought you wanted it to appear.

It bears his individuality not yours

It may lack the little characteristics of shape you like --- possess those you would avoid.

"Fit-Reform" suits (ready-made in nine shapes) permit you to see just how they look on you, just how they fit your ideals before purchased.

You know what you get, pay half the tailor's price, have no further "fitting on" and the suit is sent home at once.

Maker's brand and price in left breast pocket.
