port, Pa., on Thursday, furnishes a story replete with the deepest interest. The culprit, a powerfully built, unscrupulous, artless man, who has lived under fift ifferent aliases, was brought to the scafseventy thousand dollars, part of a noard accumulated by the old people after years of labor and economy, but whose distrust of mankind induced them to personally guard their wealth. He entered their log cabin, despatched with a huge club the taithful dogs, brained the woman and hacked the old man almost to pieces. Securing the coin, for the old people evidently believed in the infallibility of the "thard stuff." he hastened to bury it, re-

securing the coin, for the old people evidently believed in the infallibility of the "hard stuff," he hastened to bury it, refusing to reveal its hiding place to the officers of justice. At the bar he sucered at the evidence, laughed at the solemnity of the Judge, and betrayed the worst symptoms of human deprayity when condemned to death, remarking that he was troubled only at the uncertainty of whether his victims were in heaven or the darker regions. He made a speech on the scaffold.

After he got through the condemned man was ordered to arise and place himself upon the fatal trap. His legs were tied with ropes, the noose was tightened around his neck, the black cap drawn over his face, but still he stood as if a statue cut from stone. No muscle moved, no tremor was visible. Another solemn prayer was offered and the man who held the lever below which let down the trap was signalled to. An instant after a thud was heard and down through the trap fell the man.

was neard and down the man.

But, oh, what a fall it was! The rope was too long, the knot failed to slip as it should do, his feet touched the ground, and the strain on the neck was terrible. The culprit cried aloud, the rabble hissed and hooted on the outside, while the crowd within the prison yard withdrew in terror and consternation from the phastly spectacle. Pig Iron & Drill Steel.

VINECAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily solved. unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient re-covers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. rangements of the stomach and liver, and other abdominal viscora. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus fore-armed.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when.
