Putting Efficiency into Repatriation

THE Repatriation Committee has been formed by the Dominion Government to bring Canada forward to a peace basis with all speed.

It will use the existing machinery and any necessary new machinery.

The Committee consists of Hon. Sir James Loughheed, Minister of Soldiers' Civil Re-Establishment; Hon. N. W. Rowell, President of the Privy Council; Hon. T. A. Crerar, Minister of Agriculture; Hon. G. D. Robertson, Minister of Labor; Hon. Arthur Meighen, Minister of the Interior; Hon. J. A. Calder, Minister of Immigration (Chairman). To assist them, Mr. H. J. Daly has been appointed Director of Repatriation.

This Committee is formed to co-ordinate the work of all those departments of the Government which have to do with the task of bringing back our soldiers to civil life, caring for them and their dependents, providing employment opportunities for soldiers and war-workers, and assuring proper living and working conditions. It also assists the efforts of all organizations and agencies prepared to give aid in the solution of our problems.

THE Committee surveys all plans. It prevents overlapping and confusion. It secures expert assistance. It obtains more speedy action, more effective co-operation. While its first consideration is the welfare of the Canadian soldier, its scope embraces the whole community.

The Committee has built up a Repatriation Organization to supplement the work of the existing departments of the Government.

The Committee has secured experts on each problem—military, employment, social, housing, farming, transportation, medical. Nothing is neglected. It invites representatives from all organizations which have interested themselves in the social and economic welfare of the country and the needs of our soldiers.

Co-operating with the Repatriation Committee is an Advisory Committee appointed by the Great War Veterans' Association.

With the assistance of these agencies the solution of the problem is presented to The Repatriation Committee in a practicable form.

The plans devised to meet every problem as it arises will be reported to you in the coming announcements.
