DALORAMA

by L. Daye

RULES

Find word which best suits the clue. The word begins with the letter above the clue you are dealing with. When you get the word try to find it in the box of letters. Circle the letters in the word. After all words have been found the quiz word will remain. The number after each clue gives the number of letters in the word.

S C V Y A U T O M O T I V E K

Keep the Pace

by Brian Miller

In an article about rallying, the best place to start is with a definition. Rallying is a sport which requires three main things; a car, a driver, and a navigator. A rally is a course plotted on public roads by a devious character called an organizer, who makes the directions for driving on the course quite hard to understand. The idea of rallying is for the navigator to figure out where the driver should go and for the driver to go at the specified average speed on the route.

But ho ho!! You cannot cheat by going too fast or too slow, because along the route are friends of the organizer parked with signs by their cars who time your progress to see if you are on schedule. These people are called checkpoints. So you must follow the route, keeping to a 25-35 MPH average speed and not get lost!

However, complications may occur. If you get lost, you must get back on course again. This can be difficult if you are not sure where you left the course!

Then you must travel at a "slightly higher speed" to get back on schedule.

Everyone occasionally gets lost in a rally, so it is also a test of the friendship of the driver and navigator at times.

However, the satisfaction of driving a difficult piece of road at a good speed and finishing a rally is a high that can last for days! You meet lots of car people and have a lot of fun, developing friendships that can last for years. This is a friendly sport!!

If you want to try a very simple rally on mostly paved roads at low speed just to see what it is like, get your girlfriend or buddy and come to the Dunn Building Parking Lot on Saturday, March 15, and enter the **Dalhousie Engineers Rally**. First Prize is a chance at \$2,000,000.00 (Olympic Lottery tickets) and a trophy. Plaques go to the first three teams. Any car can enter, because the roads are smooth. Entry fee is \$5.00/car.

Come along and have fun!!!
