*Neighborhood Workers
Association*

Bolton Summer Camp

*Central Office 71 Grosvenor St.
Toronto*

May 8, 1929.

Rt. Hon. Arthur Meighan,
347 Bay St.,
Toronto.

Dear Sir:

Brightening skies and the warm caress of the sun remind one of the rapid approach of spring. Plans for summer vacations begin to suggest themselves.

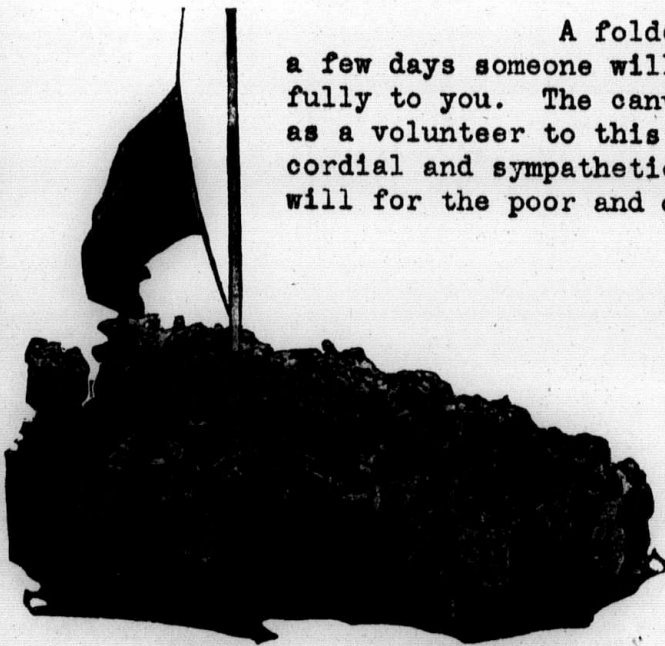

The Neighborhood Workers Association are planning this year to give a twelve day vacation to 4,000 children and mothers of the families of the needy and distressed. Before this can happen, however, and the gates of Bolton Camp swing wide ajar for the first party in June, much work is necessary to be done at the Camp in the way of extensions and improvements.

The Neighborhood Workers Association is also in urgent need of a Central Building as a Headquarters for its welfare work of which Bolton Camp is a branch. The whole programme at Bolton Camp and in the City requires \$60,000 for its fulfilment. This amount is for capital purposes only. The funds derived from the Federation for Community Service can be used for maintenance purposes only. This campaign has the endorsement of the Federation.

A folder is enclosed for your information, and in a few days someone will call on you to explain this matter more fully to you. The canvasser will be a business man giving his time as a volunteer to this service. I know that you will give him a cordial and sympathetic reception. He will be an ambassador of goodwill for the poor and distressed.

Sincerely yours,

F. N. Stapleford
General Secretary.
