

AVON, ONT.

DECEMBER, 1908.

TO ALL, GREETING.

UNDER the providence of Almighty God, by the untiring efforts of one of the most active ladies' aids in the Methodist Church, and the indefatigable efforts of a zealous trustee board, the circumstances which gave rise to the publication of this Jubilee Booklet were made possible. For many years we, as members and adherents of the above-mentioned church have been working disadvantageously, owing largely to lack of church accommodation. The church classes have been hampered, the Young People's Society hindered, and, above all, our Sabbath School, which has reached undue proportions numerically, has during these years forfeited the necessary facilities for carrying on its work.

At last, a long-felt need has been met in the form of a spacious basement, modernly equipped. In this we hope to do better work for God and the Church than that done under the former conditions. This addition has necessitated many changes in the church property, so that now we have almost a new church.

For all past blessings and success we, as a congregation, heartily thank the Great Head of the Church, at the same time trusting in the God of all Power for the future.

It is our earnest prayer that this booklet of reminiscences may be made a great blessing and comfort to all, either near or far, directly or indirectly connected with the proceedings which send it forth.

Yours in the Master's service,

RICHARD W. KNOWLES,

PASTOR.
