

FAIRBANKS - MORSE

DOMINION-WIDE SERVICE

A Wonderful Service—considering the times and universally depleted stocks.

Every man in our many offices from Coast to Coast, is devoting his time and energies to securing materials to fill the enormous demand for mechanical goods.

In normal times we carry in stock millions of dollars worth of goods for immediate shipment. Even today we are able to make the shortest possible deliveries, often being able to ship immediately from stock.

A service from Coast to Coast that is unexcelled. A service which reaches out to help mechanical industry, no matter where it is located.

“Canada’s Departmental House for Mechanical Goods” is our Slogan. Practically your entire equipment can be purchased under one roof, with a corresponding saving of time and expense in securing your requirements.

FAIRBANKS-MORSE goods are of the highest grade consistent with economy and ultimate service. It is the tool or machine which gives the most service for the least original cost, and smallest upkeep expense which pays the most profit.

Send us your specifications and secure our quotation before placing your order.
