

A bumper crop may mean a loss if your binder cannot handle it

At the same time your binder must be able to handle a light crop successfully—a thing some binders fail to do. The

FROST & WOOD BINDER

has practically grown up, in the last 80 years, with Canadian Agriculture and has been improved and tested until to-day it represents the ideal Binder for Canadian crops.

The crop won't wait—your binder must be ready

The Canadian farmer demands and must have a Binder that will cut any kind of crop—heavy, thin, tangled or straight—it must be light draft, easily handled and it must last for years with but little repair service. We have no hesitation in saying that the Frost & Wood Binder will live up to the highest expectations in all these respects. We use light, high carbon steel and put high-class roller bearings at every friction point so as to get light draft and strength. The reel can be moved by an

easy, convenient lever to bring any kind of grain, tangled or not, to the cutter bar and once there Frost & Wood force feed elevators can be absolutely relied upon to deliver it to the binder, and the sure tying knoter. By another easy adjustment you can tie any size sheaf you want—and even the sheaf carrier is well thought out—lowering the sheaves gently and regularly to the ground so no grain is shelled. A Frost & Wood Binder is a guarantee that you'll get your crop in. Many are in use up to 20 years old, giving fine service.

This Binder question is a mighty important one. Be sure to read our illustrated Binder folder—ask our nearest agent or write our nearest Branch to-day.

BISSELL SILOS ON THE BEST OF FARMS

All farmers are unanimous in testifying as to its value. The handling of the Corn Crop is all done at one time. "You must make Hay while the Sun Shines," but you can store silage with unfavorable weather.

The BISSELL SILO is built of Selected Material, treated with wood preservative oils to prevent decay. The heavy steel hoops make it strong, rigid and air tight. Sizes to suit your requirements.

Peerless Lawn Fencing

is the finish, the last word to beautify, protect and to enhance the value of your property. It safeguards your children, keeps out marauding dogs, animals and destructive chickens, protects the lawn, shrubs and flowers, and prevents trespassing.

Peerless Ornamental Fencing is built of strong, stiff wire, heavily galvanized and coated with zinc enamel to prevent rust. In style, durability, service and every feature combined to insure absolute satisfaction, the Peerless fencing is true to its name. It will not sag and cannot break down with ordinary use.

SEND FOR CATALOG. Shows many beautiful designs of fencing for lawns, parks, schools, churches, cemeteries, etc. DEALERS NEARLY EVERYWHERE.
