**HOW TO BUILD  
A GOOD FENCE**

Our new folder on "Erecting Fences" will tell you and if you will follow the instructions carefully when you are through you will have a good job.

It's full of valuable and interesting information on fence building and tells how to erect woven wire fencing in the quickest and most substantial manner.

No farmer, fence man or any one interested in fence construction should fail to write for a copy. It gives all the information required for building fences and we send it

**FREE!**

In addition there is also a complete and very interesting description of the manufacture of fence wire. Persons who have never had the privilege of visiting a wire mill will find this article of especial interest.

It also has an article quoted from a bulletin issued by the U. S. Department of Agriculture on the manufacture of concrete fence posts, showing how posts made of this most useful and durable material can be manufactured at home. Don't fail to write for a copy today. Ask for our folder called, "Erecting Fences." Remember it's free. Address

**Invest Now in Land  
in the Canadian West**

Experience has proved that all good land in the Canadian West, located in a good district, and within 20 miles of a railway station, or nearer, is worth at least \$25 per acre for Home-making. 160 acres of such land will return annually in net receipts as much as 100 acres similarly situated in Ontario, which sells for \$4,000 to \$8,000.

We hold the Exclusive Agency for large blocks of selected lands in Western Canada. Prices from

**\$8 to \$25 per Acre**

In 1906-1907 we sold over 300,000 acres.

We give **SPECIAL TERMS** to actual settlers. We allow such to pay for land on the

**Crop Payment Plan**

Industrious, experienced, thrifty men, if they buy from us, are sure to succeed, because we are prepared to assist them in case of emergency, such as loss by fire, frost, loss of stock or sickness.

If you are a Tenant Farmer, own your farm—we will assist you. If you are a farmer's son, or an experienced farm hand, and wish to start on your own account, write us.

*Make the manure bring you  
\$4 a ton*

**Thousands of Successful Farmers Are Doing It**

There is no charm or secret about it. You simply spread it with a machine, and thus make it go twice as far, get twice as much good from it on the first crop, do your land more permanent good, and save half the time and labor of handling.

Manure is generally estimated to be worth \$2.00 a ton handled the old way. There is no doubt that it is worth twice as much to the farmer who spreads with a machine.

Two of the most practical and valuable machines manufactured for farm use today are the Corn King and Cloverleaf manure spreaders. They are each made in a number of sizes.

These machines differ somewhat in construction and operation, but both are right working and of great durability.

They are proven machines. They embody the best mechanical ideas, the materials used in construction are the best for the purpose, they are made as simple

The nearest branch house will supply you with any further information desired.

(Incorporated)  
Chicago, U. S. A.

as possible, and they handle manure in all conditions to the perfect satisfaction of users. Proof of all this is to be found in the record each machine has made in the field.

Is it not to your interest to own and use one of these spreaders on your farm?

Figure out for yourself and you must agree that it will be a paying investment, even if you do not have over twenty-five loads of manure to spread in a year.

You can't help but be pleased with the work, the easy handling, the light draft and the substantial making which saves you the annoyance of breakage and repairs.

Call and see these spreaders with the local International agent. He will gladly point out to you the superior features of these machines, as well as supply you with catalogue, colored hanger or other information.

**SAVE TREES THIS FALL**
