

Two Minute Talks About  
**PANDORA**  
**RANGE**  
 for Coal or Wood

THE Pandora Range is for those who desire to make a permanent investment. The high quality of the materials and the superior method of construction assure long life.

The *Body* of the Pandora is very heavy. The *Rods and Bolts* are on the outside where they cannot burn or rust out. The *Expansion Rings* of the cooking section provide ample allowance for extreme expansion and contraction and eliminate the possibility of the metal cracking.

The *Cooking Top* is *Burnished* which toughens the surface of the metal and increases its strength. *McClary Oil Cement* is used between the joints. Unlike cheap, ordinary cement, it will not dry out and need replacing. The *Nickelling* will not tarnish and is many times more durable than the single coat of nickel on ordinary ranges.

The *Semi-Steel Fire Box Linings* are twenty per cent. heavier than cast or gray iron linings. Sulphur fumes, so destructive to cast iron, cannot penetrate the hard, smooth as glass surface of Semi-Steel. The *Grates* have *Three Faces* which allows the wear to be distributed on three sides, insuring triple durability.

If you want a range of *guaranteed quality* get the Pandora. It's built to give you lasting service.

WRITING ADVERTISERS MENTION THE FARMER'S ADVOCATE

**Capitol**  
**Cylinder Oil**  
 For Steam Traction Engines  
 and Steam Plants

Delivers more power, and makes the engine run better and longer with less wear and tear, because its friction-reducing properties are exactly fitted to the requirements of steam traction engines and steam plants.

**Traction Engines,  
 Wagons, Etc.**

**Mica Axle Grease**

makes the wheel as nearly frictionless as possible and reduces the wear on axle and box. It ends axle troubles, saves energy in the horse, and when used on axles of traction engines economizes fuel and power.

**Reapers,  
 Threshers,  
 Plows, Harrows**

**Granite Harvester Oil**

insures better work from the new machine and lengthens the life of the old. Wherever bearings are loose or boxes worn it takes up the play and acts like a cushion. Changes of weather do not affect it.

**Gasolene  
 and  
 Kerosene  
 Engines**

**Standard Gas Engine Oil**

is the only oil you need. It provides perfect lubrication under high temperatures without appreciable carbon deposits on rings or cylinders, and is equally good for the external bearings.

Every dealer everywhere. If not at yours, write for descriptive circulars to

**The Imperial Oil Company, Limited**  
 Ontario Agents: The Queen City Oil Co., Ltd.

**LIVE ONES!**

We want 100 convincing **CIRCULATION CANVASSERS** for

**THE FARMER'S ADVOCATE**  
 AND HOME MAGAZINE

In applying, give experience (if any), age, married or single. State what territory preferred, wages expected.

**THE FARMER'S ADVOCATE, LONDON, ONT.**

**Keeps out large Animals—Keeps in the Chickens**

We've put strength and stiffness into the **PEERLESS JUNIOR Poultry Fence** so it can stand the attacks of restless animals from the outside. We have made it close enough so small fowl cannot get through. It is made of much heavier wire than the ordinary poultry fence, well galvanized, therefore much more durable.

**Peerless Junior the fence that saves expense**

That heavy, No. 6, hard steel wire at top and bottom holds the fence taut and true without the necessity of fence boards and saving more than half the usual number of posts. That means considerable saving to you. Write for our pamphlet about **PEERLESS FENCES**. We make fences and gates for every purpose.
