## "I Want You to Have My New Portable Granary"

"I have a money-saving invention—handy granaries to allow field threshing over your farm. Move them about each year. You save long hauls at harvest time. In spring you scatter small straw stacks—no burning of straw."

"My 150-bushel Granary, showing door. Also without door, if desired. Shows how easy to bag grain, when wanted. (Other cut at left shows spout for bag filling as attached to Granary.)"

"These granaries come in compact bundles. A boy can set up and bolt one together in a few hours. Four padlocks protect the grain. Separator delivery into a spout on the side or into roof manhole—saves work during threshing. Your grain is protected from vermin, wet and thieves. Sell it when you are ready, loading direct from the granary into your wagon, or bagging it. No musty or heated grain. Get my granary and be independent of elevators for selling. Sell at the highest price, no matter how long you store your grain. The Pedlar Granary protects you."

"Write me for my booklet. It shows how profitable my Granary is even on a single quarter-section farm. Use it for 1912. The Book Tells of Big Money for You."
