LEE-POST

At the residence of Mr. George R. Post, West Huntingdon, a very quiet wedding took place, Wednesday evening, June 17th, when their third daughter, Mary E. was united in the holy bonds of matrimony to W. H. Lee of Belleville. Miss Maggie Post, sister of the bride played the wedding march and the bride who was given away by her father looked charming in a gown of cream satin trimmed with shadow lace and pearls. She also wore the tulle veil, which was caught up with snail and roses. She carried a shower bouquet of carnations, roses and lily of the valley. After the ceremony which was performed by Rev. A. E. Tonkin of West Huntingdon, the bride and groom received the congratulations of their friends and then all returned to the dining room where a sumptuous dinner was served. The young couple left on the G.T.R. for London, St. Thomas, Bothwell, and other western points. The bride travelled in a navy blue suit with hat to match. The presents were both numerous and beautiful, the groom's gift to the bride was a gold watch and chain and to the organist a bracelet. On their return the young couple will reside in this city.

BIBLE SOCIETY
ELECTED OFFICERS

Foxboro—The annual meeting of the Bible Society was held on Wednesday evening of last week. There was to have been an illustrated lecture but for some unknown reason the lecturer failed to appear, much to the disappointment of the audience. However, the regular business meeting was conducted and the officers for the ensuing year elected as follows:

Pres.—Mr. John A. Holgate.
Sec.—Mr. George McCulloch.
But to compensate for the one disappointment we have had two consecutive evenings of illustrated lectures this week. Both addresses were given by Mr. Humphrey a student from Toronto University and were in the interests of the Forward Movement in the E. L. societies.

The address on Monday night was of the work of Mr. Thomas Crosby. The one subject was "The conditions under which the people live in the slums and foreign quarters of our large cities."

Both lectures were entertaining and instructive.
Topic of all absorbing interest is, of course, the approaching election. Mr. John A. Holgate, than whom none is more worthy, will, we hope, carry the "Bar" banner to victory on June 29.

One thing is certain if the protestant Christian voters of Hastings county put principle before party in this contest the election of Mr. Holgate is a foregone conclusion.

We think it would be well if the men would learn to sing a new version of an old hymn viz. "Help us Lord on polling day, to vote according as we pray."

Here is an incident that came under our notice the other day. A gentleman refused to vote for the banishment of the bar on the ground that this boy was in no danger from the open bar and never would be arrested. He was too thoroughly instructed and grounded in temperance principles ever to yield to any temptation of that sort. This seems a very selfish view to take. Because your own boy is safe, should you not try to save some other man's boy who has not the knowledge or moral strength of your boy?

ART EXHIBIT AT
ALBERT COLLEGE

The art exhibit took place at Albert College Thursday afternoon and was most successful. Hundreds of citizens viewed the beautiful work. The official examiner, Professor Sherwood, left the following report:

"By a careful examination of the work in the Department of Fine Arts at Albert College, I am pleased to see a steady advancement on the part of the pupils, in Water Colors as well as China painting. The constant effort to attain to a natural representation of the best that exists around us, is, after all, the chief object in the pursuit of all the Fine Arts. The application in designing of the various parts of plants and flowers to a practical construction of a mechanical device is in itself an evidence of Fine Art Culture. The age is one of utility, and demands as a result an interpretation of the finest thought of a cultured mind in all the inventions and consummate ornamental works. In our highly civilized modern life, it must be apparent to all that a study of Fine Arts is as necessary to a successful electrician as to a Landscapist or an architect. The plan adopted at Albert College has always been in line with the most advanced ideas in the Fine Arts. All that it was in the past is today, and is to be congratulated upon its successful close to a well spent year of work, since my last visit, in June 1913. One feature of the exhibition that is particularly pleasing to notice is the fact that all the pictures are 'finer', and new names and new designs and drawings are a characteristic of the well covered walls of the Art Gallery. Miss Strong has been most successful in the present year's exhibition by giving her pupils so practical a course of training. The best results thus attained are of necessity, a credit to the college."

Signed,

W. A. Sherwood, A.R.C.A.

PERFECT HEALTH

DUE TO THE BLOOD

No Girl or Woman Need be Constantly Ailing and Unhappy.

Nature intended every girl and every woman to be happy, attractive, active and healthy. Yet too many of them find their lives added by suffering—nearly always because their blood is to blame. All those unhappy girls and women with colorless cheeks, dull skins and sunken, listless eyes, are in this condition because they have not enough good red blood in their veins to keep up their well and in the character of health. They suffer from depressing weariness and periodical headaches. Dark lines form under their eyes, their heart palpitates violently after the slightest exertion, and they are often attacked with fainting spells. These are only a few of the miseries of bloodlessness. Nothing can rescue girls and women from the inevitable decline that follows anaemia except a generous supply of new, rich, red blood. Nothing has ever proved so successful in creating red, good blood as Dr. Williams' Pink Pills for Pale People. Thousands and thousands of girls and women owe their good health and charming complexion to the use of this medicine. Here is one example of its power to cure: Mrs. Rose Ralli, Toronto, Ont., says: "For a long time I suffered with anaemia, nervousness and general debility, in fact I was beginning to feel a positive wreck. I tried several medicines and emulsions. For a time I would feel better for taking them and then the effect would wear off, leaving me worse than before. The continued drain on my health altered my appearance, my friends telling me I had a haggard and worn appearance. This naturally did not help to improve me, as you know no woman likes to be told she looks 'worn out.' Finally Dr. Williams' Pink Pills were suggested and my husband got me a supply. I used them and found the result good—not only good, but the benefit was lasting, and I am now enjoying perfect health, have a good color and have regained my natural buoyancy. I trust my letter of gratitude may be of means of helping others who are suffering as I was."

New health, new strength, new vitality, follow the fair use of Dr. Williams' Pink Pills. You can get them from your medicine dealer or get them at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
