UST a little talk today on the send-ing of wedding gifts, if you receive an invitation or announcement this th. If you are a very dear friend of a bride-to-be, you will not wait to re-ceive an invitation. Your friendship is sufficient ground for sending a present as soon as you know that the ap-proximate date has been decided. If you have never been entertained by the bride, bridegroom or members of their families, by no means anticipate and send a gift before you receive a card. This would be regarded as a liberty and almost bidding for an invitation. After receiving a card in this

massage the eyebrows and to rub the melted vaseline into them. 2. By exercising great care you should not get any vaseline into the eyes. A tiny camel's hair brush is a splendid thing to use to apply the grower. Dip it into the melted vaseline, free it from any drop and pass it lightly along the edge of the eyelids. If you cannot do this successfully without getting any of it into the eyes, have a physician apply it while. This does not mean something expensive. If a very close friend, you can take your gift and present it personally to the bride-to-be. Otherwise it should be sent, either by special messenger or from the place where it was a penciled expression of your good wishes, should be sent. Expressed packages should be pack-ed carefully and the cost of transpor-tation prepaid. If you are late in sending a present, a short note of ex-planation should accompany it when it is sent to the bride in her new home.
