

 TEM ON NEW BASI- -P

Henoe the Thin, Watery Blood of Spring, the Weakness, Languor and Fatigue, the Loss of Energy and Ambition.

During the summer time the blood obtains from fresh
fruits and vegecables the elements from which it derives its fruits and vegecables
richness and life-sustaining properties.
These blood-forming ingredients are largely lacking in the artificial foods of winter, and for this reason, together
with the debilitating effects of indoor life, the blood is usually thin and watery in the spring, and the system in a more or Almost everybody needs some restorative assistance in the spring, and because Dr. Chase's Nerve Food is composed of the most powerful blood-lorming pripalicines.
medical science it is the greatest of spring medicut of Dr. Chase's Nerve Food. Every dose of it goes to the
formation of a certain amount of pure, rich blood, and the building-up process is thus set in motion. this great food cure is felt in every organ and every part of the human bady.
The nervous system is strengthened.

The stomach digests the food better and the appetite is improved.
New vigor and courage replace fatigue and languor.
New, firm flesh and tissue are added to the body, and the weight increases.
Weakness and disease everywhere give place to health
