arious Churches-Able and Well Attended Meetings at the Interesting Addresses Vell Known Speakers

The regular week of prayer union services have been held in Wolfville this week beginning on Monday evening at the Baptist church, These gatherings have been well attended and full of interest. If we might be possible to make a suggestion for such meetings in future years it would be that provision be made for a program of subjects of especial local interest and that these be discussed from the viewpoint of community conditions.

The meeting on Monday evening was held in the School Room of the Baptist Church which was well filled at the appointed time. Rev. Dr. MacDonald presided and made the opening prayer, after which Rev. R. F. Dixon read the scripture lesson from the fourth chapter of Ephesians.

of Ephesians.

The subject for the evening was "Our Church and the Neighborhood". Rev. G. W. Miller was the speaker and his address was practical and interesting. He said in part:

In all things Jesus Christ is preeminent.
He brought to the world a new thing, a clear and new conception of God and of religion. His background was the re-ligion of Israel and he fulfilled all that was best in the outlook of that religion. The centre of the ancent religion of Israel was its worship of Jehovah in the offering of sacrifices and the observance of fasts and feasts. True there was the occasiona voice of the prophet like Amos or Isaiah calling them to more vital requisites in worship namely, justice, righteou and mercy.

Jesus came into a Jewish religious world of law. These had been multiplied beyond number and there was a law to everything. The most religious people were the most scrupulous in the obs ance of these laws. This was the centr of their religion, the worship of Jehova is the observance of laws.
