Orn. published, write to J. O. Fulton,
Toronto, N. S., or to J. O. Fulton, New
York. It is taking the place of all
others. Price, \$2.50.—11.

Received on Tuesday: one car load P.
E. L. Oats. To arrive, on Wednesday,
one car load P. E. L. Oats. In stock
a good assortment of Flour and Corn
meal, very low by J. A. Oats.
Queen, Point de Vue.

LOCAL NEWS.

The conveyance across Morice's
Pond needs repairs at once to render
it safe.

OUTSIDE PAGES.—Carlton County
Farmers: From Sackville to California;
Edelweiss (concluded); Spring;
Farm and Household, etc.

MOUNT ALLISON.—The closing
exercises of the Ladies' Academy
will be held on Tuesday, 3rd June,
commencing at 9.30 a. m.—11.

MALE ACADEMY.—The oral ex-
ercises will be held today and to-
morrow. The closing exercises
take place on Monday next at 9.30
a. m.

THE BUSINESS MEETING of the
Alumni Society will be held in the
Drawing room of the Ladies' Aca-
demy on Monday afternoon, June 3rd,
at 3 o'clock. All former stu-
dents are invited to attend.

PERSONAL.—Mr. E. C. Jarvis, late
manager of the Merchants' Bank
here, was in Sackville last Saturday.
He is now manager of the Merchants'
Bank at Bathurst.—Mr. Ellis, of the
Dominion Geological Survey, is at
the Brunswick.

N. B. & P. E. Ry.—The work of
fencing the line has been commenced.
Cedar posts and wire will be used
principally. The Company has let
the completion of a large number of
posts, and the line will be ready for
grading contract 3, Botsford has
been commenced.

SUNDAY SERVICES.—Rev. S. B.
Dunn, of Truro, N. S., will preach
before the Theological Union in the
Methodist Church next Sunday at
11 a. m.—The Baccalaureate Ser-
mon will be preached at 7 p. m. by
Rev. Robert Duncan, of St. Stephen,
N. B.

LAUNCH.—Schr. "Alaska," built
by Thos. Egan, was launched on
Saturday. She registers 118 tons.
Her length is 91 ft.; breadth 27.9;
depth 9.5. She is classed in the
category of "Alaska," a good, staunch
vessel and is intended for the Amer-
ican trade. Capt. McElroy, late of
the "Minnie E.," is to take charge
of her.

THE SCOTT ACT.—On Tuesday,
Inspector Russell seized a quantity
of liquor found on the premises of
Jacob Leger. A thorough search in
Shediac the day before brought to
light nothing but eight bottles of
claret. Yesterday, David Gylant,
of Shediac, was convicted, before
Inspector Russell, of violating the
of the Scott Act and fined \$50 and
costs.

WONDERFUL TRANSFORMATION.—
One of the Mount Allison young
ladies purchased some oranges Tues-
day evening and had them put in a
paper bag. After visiting the look-
store she went home and was greatly
surprised on reaching her room to
find that two of the oranges had
been transformed into solid spheres
of wood which much resembled
croquet balls.

SACKVILLE STATION grounds need
some work. The Government road
leading into the grounds has been a
bog hole all the spring and every
rain renders it nearly impassable.
The road needs ditching on both
sides and raising with a good coat
of gravel. The Station House has
never been provided with water
closets and as this is an age of pro-
gress, why not inaugurate them.
We commend these matters to the
Hon. Mr. Pope, Minister of Rail-
ways and Canals.

ORAL EXAMINATIONS—MALA Aca-
demy.—Thursday, May 29th, A. M.:
9 to 9.30, Geography; 9.30 to 10, Latin
Grammar; 10 to 10.45, Greek
Reader; 10.45 to 11.30, French;
11.30 to 12, Spelling. P. M.: 1 to 2,
Xenophon; 2 to 3, Arithmetic, 1st
and 2nd. Friday, May 30th, A. M.:
9 to 9.30, Arithmetic (Primary);
9.30 to 10.15, Virgil; 10.15 to 11.15,
Latin Reader; 11.15 to 12, Arith-
metics. P. M.: 1 to 1.30, English
Grammar (2nd Div.); 1.30 to 2,
Reading; 2 to 3, Algebra.

NURSERY STOCK.—Mr. E. R. Clark,
representing Mr. J. F. E. Clark,
is present in Sackville canvassing for
fruit and ornamental trees. Mr.
Rupert has been for the last six or
seven years engaged in the sale of
fruit trees in the Annapolis Valley
and other parts of Nova Scotia, and
the stock supplied by him has invari-
ably given satisfaction. During the
latter portion of that period he has
established a number of nurseries in
various parts of the Province and
has also several in New Brunswick.
He makes a specialty of plums, pears,
cherries, small fruits, ornamental
trees and hedge plants.

GENERAL NEWS.

—Twelve men were suffocated in a coal
mine at Belle Porto, Scotland, Saturday.
—The Greely relief ship "Alert"
sailed from St. John's, N. F., last Thurs-
day.

—The Atlantic oil refinery, Philadel-
phia, was burned on Saturday. Loss
\$1,000,000.

—The new Episcopal church at Wolf-
ford, Kent Co., has been opened for divine
worship.

—The torpedo flotilla at Portsmouth
and Chatham have been ordered to be pre-
pared for active service.

—Three persons were killed and five
injured by a collision on the New York
Central Saturday night.

—The greater part of the town of
Albany, British Columbia, was destroyed
by a cyclone last week.

—The British ship "Syra" has been
wrecked at the Fiji Islands. Seventy of
her passengers were drowned.

—The Emperor of Germany will lay
the cornerstone of the new Parliament
House at Berlin next month.

—The Rev. J. Clark, of Nictaux, has
welcomed his members into the Baptist
church since the beginning of the present
year.

—Mr. Sherwood, representing a New
York company, has been negotiating the
purchase of Batty's freestone quarry at
Wallace.

—Four sunstrokes occurred in New
York yesterday. One of the victims, a
man of the name of Endicott, died. The
thermometer reached 91 degrees.

—A four-year-old Chicago girl on
Friday during a quarrel with a playmate
only six months her senior, struck him
with a hatchet and fractured his skull.

—Mr. D. J. Leahy, a well-known
Halifax fisherman, was drowned at Mill
Village, Queen's Co. last Saturday, by the
upsetting of a canoe from which he was
fishing.

—A railway laborer of Astbury park,
New Jersey, who was without work and in
a state of destitution, has come into pos-
session of ten thousand dollars, left him
by an aunt.

—Two grocers, two milliners, one ad-
dler, on tailor and one general dealer
were added to the business population of
Spring Hill last week. Spring Hill is
growing town.

—During the last fortnight there has
been a slight advance in the wholesale
retail prices. Cornmeal is quoted at
fifteen to twenty cents higher, and corn
meal has advanced five cents.

—There is no remedy top of the earth
that possesses a general absolute
merit as *Johnson's Medicine*. It is
both for internal and external use and
is worth more in a family than a seven-
penny box of ointment.

—One single box of *Parsons' Purifying
Pills* taken one night will make more
pure blood in the system than \$10
worth of any other remedy known at the
present time.

—Thomas P. Grinnell, of New York,
shot himself Sunday night. He was
worth over a million dollars. His wife
was awakened by the report of the pistol
and found her husband lying dead at the
foot of the bed. Grinnell was formerly a
gold broker. He lived happily with his
wife and she believed the shooting was an
accident.

—It seems impossible that a remedy made
of such common, simple plants as Hops,
Burdock, and other herbs, should be so
valuable. It is a fact, however, that it
makes so many and such great cures as
Hop Bitters do, but when old and young
men and women, doctors, lawyers, and
editors, all testify to having been
cured by them, you must believe and try
them, and you will not regret it.

—A forgotten bit of history is brought
to light by a writer in the current
(June) *Harper's*. It seems it was not only
new England but the British Empire
paper brings forward the records of the
trial of Princess Anne Court house, Vir-
ginia, which Great Britain wrecked, and
was said to have crossed the Atlantic on
an egg-shell, and brought rosemary to
Virginia, and the story is told nowadays
seriously to be a historical anecdote.

—Advices from Newfoundland state
that the French brig "Senorine" was
sawed on the grand bank in a dense fog
on Thursday afternoon and became a
total wreck in fifteen minutes. The
captain was unable to maintain discipline
and the officers and crew took to the boats,
leaving the passengers, part of whom
were women, to look out for themselves.
The passengers numbered nine and the
crew were drowned.

—The Toronto Mail building was badly
damaged by fire last Saturday morning.
The fire started in the basement, and
most striking objects in the city, fell with
a tremendous crash, but no one was
injured. The building was a fine spec-
tacular sight, and the fire was a great
disaster to the city.

—The Bell Telephone Co. had their central
office in the building, and their loss is
large. The fire was published on Mon-
day, as usual. The building is to be re-
stored to its original condition as soon as
possible.

SIMONDIAC ITEMS.—The steamer
"Princess of Wales" arrived at Point
du Chene on Monday, the 26th inst.,
for the first time this season.—The
Scott Act is quiet around here at
present. On Monday, 26th inst.,
our Inspector, W. A. Russell, Esq.,
accompanied by a constable, made a
search through three or four of the
principal rum shops of the town, and
found a quantity of liquor, and the
purpose of seizing any liquor
found in their possession, but was
unable to find any except six bottles
of Claret, which the owner said he
had for over a year—there being no
call for it.—A Temperance meeting
was held in the Methodist Church
on Monday evening, 26th inst. The
principal speakers being Rev. D.
Smith, of St. Andrew's Church, St.
John, and the Rev. Mr. Hogg, of
Moncton.—The Brigade Camp for
New Brunswick will be held at
Shediac this year, commencing June
24th.

BALE VERTE ITEMS.—Large bodies
of ice are plainly visible on the
coast, and vessels are still detained
—a thing unprecedented for many
years.—The Queen's Birthday was
celebrated by our veteran loyalist,
Capt. Weeks, who early in the
morning flung to the breeze the
Dominion flag, and at noon from the
head of his wharf, accompanied
by Capt. Bede and Capt. Hogg, No. 6
Company, fired a general salute.
The captain, who is still hale and
hearty, has not, for the past forty-
four years, failed in firing a salute in
honor of the occasion. Best this year
loyalist.

I. C. R.—See. Foreman, John
Dion, of St. John, died on Thurs-
day night from the results of an
exposure. His remains were interred
at Point de Vue on Saturday with
Odd Fellows honors, the Amherst
and Spring Hill Lodges attending.
He was a wife and had two children.
Mr. David Carter is in charge.

From Rockland Station.

—William H. Black, carriage
builder, is up to his eyes in busi-
ness, preparing to turn out a large
number of vehicles this season.

—Coroner Bissett, our popular
gardener, is preparing for a large
harvest this fall in the root line.
He does quite a business in the pork
department, and does it all without
any hired help.

—Scurr Brothers, farmers, are
about the second in farming. Having
a large stock of cattle, and cutting
a large quantity of hay do quite an
amount in the beef line. They are
very industrious young men, and
success must follow them.

—Albert Hicks, our new appoint-
ed Justice of the Peace, will, no
doubt, look after the future of
Brough's Creek so that its future
record will far exceed that of the
past.

—T. A. Tingley, Esq., our largest
and most practical farmer in Dor-
chester, is a live man in his busi-
ness, has a large stock of cattle and
sheep, and turns off in beef cattle
between twenty and thirty head
yearly, and yet sells quite a large
quantity of hay to the surrounding
neighbors.

—Messrs. Palmer and Anderson
have put a new top on their wharf
and raised it a few feet higher and
with other repairs have made a first
class wharf, which looks as if they
meant business in the deal trade
this season. The lumber around their
mills shows that they are not idle
men.

—R. Buek, supervisor of Great
Road, has taken a deep interest in
the repairs of the same, this spring.
Mr. Buek supervises, contracts fur-
nishes material, builds and com-
pletes all under the one department.

—Mr. Buek wants to do all the
work, why not appoint another
supervisor and have the work done
according to Government arrange-
ment so that any one wishing work
can have a chance for a job, as at
present Mr. Buek controls the whole
work on the road.

Dorchester Items.

—County Court meets next Tues-
day.

—No prospect of lumber being
shipped.

—No shipments of coal yet this
season from Dorchester.

—Dr. Church's new building is to
be completed in the last of May.

—Henry, son of Mr. Charles God-
frey, is dangerously ill with rheumatic
fever.

—The "P. J. Palmer," George
Swayne, master, will be engaged in
the Hillsboro New York plaster
trade this season.

—Mr. M. R. Dobson and Mr.
Walter Dobson, the prospective Col-
lector of Customs, are about erecting
residences near the Methodist Church.

—Ray, son of Rev. J. R. Camp-
bell, left on Saturday on a trip to
the Old Country in the barque
"Queen of the Fleet," loading at
Parahor.

—Mr. John Barrington has been
making some clever sketches in Segia
of scenery about Dorchester and
Rockport. His work shows a faith-
ful counterfeiter of nature.

—The owners of the barque "S.
B. Wainwright" lately wrecked, were
gladdened this week by the divi-
sion of \$25 per share amongst themselves.

—Ezra Edgert, of Albert Co., a
miner at the copper mine, had one
eye destroyed and part of his face in-
jured by a premature discharge of
dynamite on Friday.

—The committee of clergy appointed
to arrange for a Maritime Church
Congress to be held in Halifax in the
fall, met at the Rectory, Dor-
chester, on Thursday afternoon.

—Joe Hickman, Esq., has com-
menced the foundation of his new
building. It will be 42x64, and
three stories—the first for bank,
second for offices. Mr. J. F. Teed is
contractor. It will be completed in
September.

—P. A. Landry, Esq., commenced
on Tuesday the erection of a building
35x35 and two stories, on the site of
his office. The first flat will be used
as a store, and the three suites of offices
will take up the second flat. Mr.
Coleman Bower is the contractor.

—Mr. S. C. Murray, A. B., has
charge of the Presbyterian Churches
at Dorchester and Rockport for the
summer. In the autumn he returns
to Princeton to finish his studies.
Both of these churches are small and
it is suggested, a minister would be
sustained permanently.

—The following are journeying at
Mr. Tait's County Boarding House:—
Dan. James Gillis, assent.
John Barbour,
Carrie Cuthbertson, vagrant.
Chas. Bunkin,
Selena Donnelly,
Minnie Downey,
Celia Martin,
Margaret Rouff,
Sarah Ruff,
Clara Earle,
Sandy Donnelly, infant.
Walter Martin.

—To keep so many, clean and healthy,
in four small rooms taxes the jailer's
skill.

—In reference to the notice of
Mr. E. R. Clark, which appears in
another column, we are pleased to
be able to say that he is already
known in this part of the
country and we believe that orders
may be placed in his hands in the
fullest confidence that they will be
filled according to his representa-
tions. Our own experience in order-
ing through him has been entirely
satisfactory.

—Boils, blotches, pimples, and all skin
diseases, are quickest cured by cleansing
the blood with Ayer's Sarsaparilla.

Cumberland Items.

—Short line matters are in statu
quo. Col. Shaw has gone to New
York. It is rumored that he will
come on or about the 8th June,
thirty days from resigning the contract.

—Palmerston bridge has again
suffered damage by the ice. The
temporary support (a large spar)
was broken and carried away. The
guy (a heavy chain) for keeping the
superstructure in position was
broken down and the bridge again
rendered unsafe for the present.

—Some of the members of the
Methodist congregation, having pre-
viously repaired to the jungles and
procured therefrom the necessary
supply of "arbores" for ornament-
ing the grounds around the church
and parsonage, proceeded on Wed-
nesday, 21st inst., to the promise
and engaged in the not unpleasant
recreation of tree-plant-
ing, in which the ladies took part,
upwards of sixty trees of various
kinds were planted, which will, no
doubt, in a few years be a source of
comfort and gratification to the
rising generation, whom we hope
and trust will also take root and
grow up as ornaments of the interior
of the church.

—In attempting to launch Mr. Red-
man's schooner on Saturday last the
launchway gave way and let her
down into the mud, which caused con-
siderable amount of digging and
work to get her out. A number of
men, (about 20) after the tide had
fallen sufficiently, went to digging
under the side of her. Although
listed the other way, after they had
removed a portion of the mud, she
fell over into the cutting which
they had made. Seeing the first
movement, they sprang for their
lives and barely escaped being crush-
ed beneath the vessel. People say
it was a miraculous escape, as none
were hurt. The vessel got off on Mon-
day last.</
