Digestive Troubles Causes Distress

But they Are Nearly Always Due to Thin Watery Blood

Do not think that because your stomach is easily upset you are the victim of some serious malady. One of the most common predisposing causes of indigestion is anaemia, or thin, watery blood. In fact it has become generally recognized that healthy activity of the stomach is impossible unless the blood is rich and red.

Dr. Williams' Pink Pills have been found most valuable in cases of indigestion, nervous dyspepsia and stomach weakness, just because they are a blood builder and nerve tonic. The rich, red blood they make not only imparts a healthy digestion, but carries color to the cheeks and lips and gives vigor to the muscles. One important point to remember is that Dr. Williams' Pink Pills contain no harmful drugs or opiates and are thus to be preferred to preparations that merely stimulate for a time. Before you begin worrying unnecessarily about your state of health, try the tonic treatment of Dr. Williams' Pink Pills. You will be surprised to see how rapidly your appetite returns and your whole debilitated system revives, as the new, rich blood courses through your body. Here is the statement of one person among thousands who have used Dr. Williams' Pink Pills to their own great advantage. Mrs. A. Veniot, Homfroy, N. S., says: "For about two years I was a great sufferer from indigestion, which seemed to carry with it a complication of other troubles. Every meal I took brought with it misery, as it was followed by pain, and sometimes nausea and vomiting. At other times gas would form in the stomach to such an extent that my heart would palpitate at an alarming rate. These conditions brought on extreme nervousness and irritability, and I found my general health so much affected that the least exertion would tire me, and I slept but poorly. I had been doctoring for several months with no result beyond slight temporary relief, when I was advised by a friend to try Dr. Williams' Pink Pills. I decided to follow this advice, and got a half dozen boxes. Good results soon began to show from this treatment, and the further continued use of pills have made me a well woman. I can cheerfully recommend Dr. Williams' Pink Pills to similar sufferers."

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.
