WHAT IS THE MEANING?

When a business grows as rapidly as Beer Bros. has it means something. People do not continue to deal at a store that charges too much or sells poor goods.

In 1894

Beer Bros. sold more goods than in any year in their history.

Why?

Perhaps Beer Bros. have the nicest stock of goods, (many people think so). Perhaps they sell cheaper than other stores, (many have told them so). Whatever is the cause of it, the fact remains that Beer Bros. Store is gaining daily in popularity.

We say

the reason of our big business is our big bargains.

Look, here's a sample:

Among the poems on the death of Sir John Thompson, not one is of higher order of merit, or destined to live longer in our literature than the beautiful contribution of Mr. A. M. Belding, of the St. John Sun staff. From it we quote these lines:

"A man who lived in honor, died in fame,
And left on Memory's page a stainless name."
How true the dead statesman. The poem has been printed as a leaflet, with an engraving of Sir John Thompson on the outside.

Mrs. JOHN P. MURPHY, who suffered some severe injuries in Scott's Mill, Clyde River, on Nov. 25th, as to necessitate the amputation of a leg, as our readers remember, has so far recovered that she is able to return to her home. During the nearly eight weeks he had been in the Charlotte Harbor Hospital his wife was constantly in attendance on him, not having visited her home during that time. On Sunday afternoon last, several of Mr. Murphy's friends came to visit him, and he was in a comfortable state, and having bid adieu to the good ladies of the hospital, the party started across the ice and were soon at his home, at South Shore. His friends and neighbors were delighted to see him home once more, and gave him a most hearty welcome.

THE FARMER SAYS: What came near being a fatal accident happened at Cape Marmora about three weeks ago. A young man named Martin Huxley, was setting traps on the shore and left his team immediately below the cape, which is about 15 or 16 feet high, to wait until others who were loading got out of the party started across the ice and were soon at his home, at South Shore. His friends and neighbors were delighted to see him home once more, and gave him a most hearty welcome.

Hon. Mr. Foster, as treasurer of the Sir John Thompson memorial fund, is desirous of closing the subscription list to the fund as soon as possible, in order that the money may be invested by the trustees for the benefit of the family. He is desirous, therefore, that all persons intending to subscribe should send in their subscriptions by the 31st January. Up to date the sum of \$15,000 has been paid in, although the amount will doubtless be largely swollen by money which has yet to come into his hands or which has yet to be subscribed.

Quite a sensation has been created among the druggists of the State of Maine within the last few days. Edward N. Dickerson of New York has instituted suits in equity against some of the leading druggists in Lewiston, Bangor, Rockland, Belfast and Augusta, for handling a medicine prepared by him, as a patent medicine, which the moving party claims is an article patented in Germany and given to him as an imitation. The writs call for the personal appearance of the respondents at the February term of the United States district court at Portland. It is understood that Hon. Geo. E. Bird, of Portland has been retained by many of the druggists to represent them.
