

## A TRIBUTE FROM ALL THE MARYS TO QUEEN MARY OF GREAT BRITAIN

Mrs. Bulyea, of Government House, Acting as Lady Grey's Request, Will Organize the Marys of the Province for the Securing of Contributions for a Coronation Gift From the Marys of Canada to Queen Mary

A coronation gift to Her Majesty Queen Mary from the thousands of Marys throughout the British Empire is the unique tribute which will be paid to the Queen in London at the time of her coronation. The idea of the gift which originated in England has been followed into a practical plan by an English committee, and has been disseminated throughout the mother country and all the colonies.

The plan is briefly this: All those who bear the name of Mary or one of its variants, as May, Maria, Marlan, Marion, Marie, are asked to contribute to a fund to be known as Queen Mary's Coronation Gift. The donations may range from five cents to five dollars; and in order to simplify for Canadian Marys, the sending of the contributions, Lady Grey, who has the matter in hand for Canada, has asked the assistance of the wives of the lieutenant governors in Alberta. Mrs. Bulyea, acting as Lady Grey's request, has appointed a committee of six women from the six Alberta chapters of the patriotic society, the Daughters of the Empire, who will receive contributions from any Mary, Mrs. Maria, Marlan, Marlan, Marie, etc., who wish to contribute to the fund. The committee is as follows: Mrs. J. D. McCutcheon, 901 4th avenue west, Calgary; Mrs. Barmes, 146 17th street, Edmonton; Mrs. J. D. Hyndman, 487 7th street, Edmonton; Mrs. Hishop, 514 4th street, Edmonton; Mrs. Edwards, 1st avenue, north, Strathcona; Mrs. J. D. Hays, 1st avenue, north, Strathcona. Contributions may be sent to any of this committee or to Mrs. Bulyea direct, at Government House, Edmonton, not later than April 14.

Although for the sake of avoiding confusion, the committee is limited to representatives of the Daughters of the Empire, other organized societies of women, such as the Women's Can-

## STORMY SCENES IN BRITISH HOUSE

A WEEK THAT GAVE PROMISE OF PEACE CLOSED IN STORM

London, March 11.—(By T. P. O'Connor)—This was expected to be a week off in parliament, the week had been postponed and all the excitement which it creates for the moment was suspended. The ministry in addition, was compelled to call a halt by the necessity of getting a vote on the budget and the appropriations. Every member of parliament was quiet during the week, they could safely visit their homes or the seaside, but an intense passion which now stirs England everywhere to its depths made all of these calculations miscarry.

Exciting sittings.

The week wound up with one of the most prolonged and excited sittings for the last two years. The Tories, however, never forgot the vote bill, and played for time every moment of the session. They have organized a filibustering campaign against all of the Government business and the vote of every penny of public money to involving the House. The Government is in a predicament, and the Opposition would be the dissolution of the legislature, that might not come that day. Getting in committee of supply at Sunday or to the end of the evening. They certainly could not wait until next Christmas as the Opposition would be accomplished or, (2) dissolution.

The only course that would be open to the Government if the Opposition continued to refuse to vote supply would be the dissolution of the legislature, that might not come that day. Getting in committee of supply at Sunday or to the end of the evening. They certainly could not wait until next Christmas as the Opposition would be accomplished or, (2) dissolution.

Mr. Haulain in a lengthy reply contended that all constitutional precedents were against dissolution of the House, which such conditions as prevail in the present instance, are not in the present instance.

## A DEADLOCK IN THE SASK. HOUSE

AFTER 24 HOURS' ARGUMENTS COMES AUTOMATICALLY ON SUNDAY

Regina, March 12.—At midnight on Saturday, the Saskatchewan legislature concluded a sixty-one hour sitting. The sitting commenced at 11 o'clock Thursday morning and owing to the policy of obstruction on the part of the Opposition and the Government's policy of siting broke all records of long sittings in this province. The Opposition want an assurance that there will be no election until the voters' lists are revised.

On Saturday morning Premier Scott, addressing the House, said that in the event of a continuance of the present deadlock, there would be only two courses open to the Government, (1) bring down a bill providing for an amendment to the rules of the House which was impracticable because it could be discussed until Christmas if necessary and nothing would be accomplished or, (2) dissolution.

The only course that would be open to the Government if the Opposition continued to refuse to vote supply would be the dissolution of the legislature, that might not come that day. ## BURIED BENEATH BIG LAND SLIDE

THIRTY MEN ENTOMBED BENEATH 500,000 TONS OF EARTH AND ICE

Virginia, Minnesota, March 12.—Deaths in the form of 500,000 tons of iron ore, rock, earth, ice and snow shot down upon thirty tracklayers working in the Norman open-pit mine here, just before six o'clock last night. Only four, armed and availed themselves of the escape route, and three of these are in a hospital suffering from injuries that are likely to prove fatal. Rolling over the avalanche of earth and rock brought some of the bodies to the surface. Ole Johnson, foreman of one of the three changes of men that were caught by the vast mass is the only one of the four whose injuries are not dangerous. He was taken to the hospital suffering from severe contusions of the head. The place which was an open pit in the afternoon was last night choked full of rock and ore and here and there parts of bodies in sight or a head sticking out of the mass. Arms and legs could be made out at various points as the great interner of the steam shovel swung over the pit.

The Army of Men at Work.

An army of men with shovels set to work desperately to recover the bodies. The work was pursued under extreme difficulties. The men pressed for the daylight to dig them out. Many of the crowd on the embankment overlooking the site of the catastrophe tried to help the men come, for it would show them broken and maimed bodies the sight of which would change the cold grief to hysterical lamentations. Wives and children of the buried men watch the work of the rescuers, sobbing and wringing their hands. Only four men near the outer edge had a chance to run, so far as can be ascertained all the men caught in the slide were killed and mutilated.

There is much confusion and the mine officials are maintaining a strict silence that the name of but one could be learned. He is Paul Paulson, a widower, who leaves seven children. His wife died a month ago. The little boy, whose name is Paul, has happened to his father and they form a sad group near the scene of the disaster.

The pit was 125 feet deep and 75 feet wide and the rock and ore and earth piled this high to the depth of 100 feet and shot out in 150 feet.

The forces of the Oliver Iron Mining Company were amply able to take care of the situation from the standpoint of preventing any further catastrophe. The women and children who have been robbed of their husbands and fathers, talking in their native tongue to the men shovelling.

The Norman employs about one thousand men when running to capacity. Just at this time, however, several hundred are employed working in the night and day shift.

Ten Bodies Recovered.

Duluth, March 12.—Ten bodies crushed almost into an unrecognizable mass of flesh and bone had been recovered at 6 o'clock tonight from the Norman open-pit mine at Virginia where a cave-in occurred last evening, burying twenty-six miners. The other sixteen bodies had not been recovered at 3 o'clock tonight and the mine officials are bringing every effort to expedite the work of rescue. A large number of men are working with all their might, but there is no reason to suppose that any of the men will be taken out alive. To still more assist in the work, "claims" have been sent for and these, capable of lifting many tons of ore, will it is thought, bring out the buried bodies before many hours elapse.

The cause of the disaster is attributable, it is said, to the heavy snows and the boulders and earth and forcing the ore body to slide toward the bottom of the pit.

## INTERVENTION BY UNITED STATES WILL BE RESENTED BY MEXICO

Government Declares Its Ability to Protect Not Only Its Own Citizens, But the Lives and Property of Foreign Residents—Revolution Is Not Serious—Germany Has No Intention of Interfering.

Washington, D.C., March 16.—Mexico will resent intervention by the United States or any other country for the purpose of protecting the lives and property of their citizens resident in Mexico. In a statement today, Senor De La Barra, Mexican ambassador in the United States, declared that Mexico believes herself fully competent to protect all interests in the country not only her own, but those of foreigners. The statement made by Ambassador De La Barra was as follows:

"The conditions in Mexico are normal with the exception of a small portion of the state of Chihuahua, where a little body of seditionists are carrying on a guerrilla warfare that I hope will be finished in the near future.

"The Mexican government is fully strong enough to protect the property and lives of its own countrymen and those of persons from foreign countries and to maintain peace and order throughout the country.

In Favor of Peace and Order.

"The best elements of Mexican citizenship are in favor of maintaining peace and order and that explains why the seditionist movement had been reduced to the guerrilla warfare in the northern section of Chihuahua. Reports published about the growth of the seditionist movement have been untrue and exaggerated.

"The constitution forbids officials to permit foreign troops to enter Mexican territory without the consent of the Senate. My government is patriotic and strong, never has and never will entertain such an idea or thought.

After the discovery of the robbery, Edmonds, with all the others on the train, was searched, Edmonds' pockets but finally allowed to go free. Afterwards he mibbed more freely, and seeking out the conductor, engaged him in a fight in which Edmonds was worsted, getting a black eye. After the arrival of the train here, he was arrested, police court proceedings following.

## HE DID NOT ACTUALLY SIGN THE STATEMENT

JEAN BAPTISTE PERRAS' APPEAL AGAINST CONVICTION FOR FALSE STATEMENT IN VOTING ON FORMATION OF SEPARATE SCHOOL DISTRICT, IS ALLOWED BY JUDGE TAYLOR.

The appeal of Jean Baptiste Perras, of Port Saskatchewan, from a conviction of Magistrate John Paul for having subscribed to a false statement in voting on the formation of a separate school district, has been allowed by His Honor Judge Taylor, and the conviction quashed without costs.

The Roman Catholic ratepayers of Port Saskatchewan, in February, 1910, took certain steps to form a separate school. A meeting was called in the Roman Catholic church, the priest in charge read over declaration form "A," in the hearing of all. No one signed the declaration, but a poll was taken and Baptiste Perras was not a ratepayer, and not entitled to vote, recorded his vote and signed his name in the poll book. Information was laid against him and he was convicted of having subscribed to declaration form "A" in the schedule to the School Ordinance of 1910, containing a false statement and was ordered to pay a penalty of \$10 and costs amounting to \$19.95.

From this conviction Baptiste appealed to the District Court. The appeal was heard at Port Saskatchewan, May 13, 1910, and judgment was given in favor of the defendant. His Honor Judge Taylor gave out his decision Saturday quashing the conviction on the ground that the applicant had not actually signed the declaration known as form "A." The decision follows the case of Rex vs. Bollen, heard by His Honor Judge Noel at Brossesau last year, where, at an election for the local improvement district an objection to the establishment of a separate school district, the defendant, Baptiste, is not allowed costs. At the hearing of the appeal Louis Madore appeared for the appellant and H. H. Robertson for the respondents.

## MATTERS MUNICIPAL

EDMONTON CITY MARKET.

Edmonton, March 14.—There are no changes in the local markets. Wheat continues dull, owing to bad prospects for the season is probably to be sold of most other things too. Eggs are becoming more plentiful. Milk continues firm, especially creamery; dairy is not so good. Potatoes and changes in that line for the past month, although it is likely that there will be green vegetables in market in the next week. Lettuce is already on hand at three cents per bushel.

Everything seems to point to the fact that there is an over-supply of hay in the country this year. Mr. H. Burns has stated most emphatically that his firm is not now and has not been shipping hay to the west. The Edmonton market has fully as much as it can handle on hand at present. Good wood has gone begging.

Prices of live poultry, and eggs and beef are quoted from the open market; vegetables, poultry from the retailers; other prices are wholesale.

WINNIPEG GRAIN MARKET.

Winnipeg, March 15.—It was a scalping market this morning on the 100 bushel basis. A narrow range of export bidders getting in on strong bids, a serious desire to put up the bid on recent export cash sales. As a consequence it was reported that export bidding was 1-2 cent higher than yesterday. Some wheat was traded. Good fat steers 1000 lbs. to 1100 lbs. 10-11-12 to 11-12-13.
