GENTLEMEN.—Our shelves are now replete with the choicest goods that the West of England can produce. All parts of Old England are famed for the excellence of their goods, but more especially the West, and, as regards that indescribable "thing" called style we know how, and can give full expression to that elusive quality. We please both young and old. You can have your choice of either English or American cut. Personal supervision given each order. Give us a trial and we have a customer. Thirty years experience in the tailoring line.
