ALLIES OCCUPY GREEK ISLAND.

ATHENS, via London, Jan. 15. The Allies occupied the Island of Cerigo on Wednesday. Cerigo is south of the principal of the Ionian Islands belonging to Greece. It is in the Mediterranean on the southern extremity of Morea. A number of other Greek insular possessions have been occupied by the Allies supposedly on account of the establishment of bases for hostile submarines.

KING CONSTANTINE TO BE DEPOSED!

NEW YORK, Jan. 15. The Tribune this morning publishes the following special cablegram: Rome, Jan. 15.—It is understood that King Constantine of Greece will be deposed and an Italian Prince, a relative of King Victor Emmanuel, will be placed on the Greek throne. This decision had been reached at the recent conference of the Entente leaders. This action, according to report, has the approval of the Venetian faction and will be carried out under the leadership of the former Premier. The Duke of Aosta, a cousin of the Italian King, has been chosen as the successor to the Kaiser's brother-in-law, but has not yet accepted.

NO PEACE PROSPECT.

BERLIN, Jan. 15. Dr. Alfred Zimmermann, German Foreign Minister, informed the Associated Press to-day that in his opinion the Entente reply to President Wilson's peace note bars the possibility for the present of further German steps to bring about peace. In particular he said it precluded any direct announcement by Germany to peace conditions in answer to the terms set forth in the latest Entente note. Dr. Zimmermann asserted, however, that the answer of the Entente

weakness and a desire for peace at any cost. The publication of the peace terms of the Central Powers, therefore, would defeat its every purpose, said Dr. Zimmermann. The Foreign Minister expressed doubt as to whether, after what he described as a rebuff to President Wilson's peace efforts, given in the reply of the Entente, the President could take any further steps at present, adding that the Entente answer excluded for the present any possibility of peace. He expressed the profound conviction that the programme of the Entente Powers never could be carried into effect. Dr. Zimmermann intimated that the failure of the Entente offensive this year, which he expected, might again make it possible to approach them on the subject of peace on reasonable terms, with some prospect of success.

WAR OFFICE ANNOUNCEMENT.

LONDON, Jan. 15. The war office announced to-night the capture of a town on the Shatt-el-Hai River, south of Kut-el-Amara on the Tigris front, and stated that the night bank of the Tigris east of the Shatt-el-Hai is now clear of Turkish troops except for a small strip of land in the bend of the Tigris, northeast of Kut-el-Amara.

REPORTED SUB. ACTIVITY.

NEW YORK, Jan. 15. News that an unidentified submarine was moving west in the Atlantic as late as last Thursday morning, was brought to port here to-day by the British freight steamer Clematis, from Bordeaux, France. Persons on the freighter thought the undersea boat might be a German submarine merchantman, the Deutschland, on her third ocean voyage to America. The stranger made no move to attack the Clematis, which was at the time approximately 800 miles east of Newport, R.I.

TIMES' CORRESPONDENT TALKS.

LONDON, Jan. 15. The Times' military correspondent maintains that prolongation of the war as a result of the foredoomed failure of the peace move throws up on all the Allies the duty of making greater efforts in order to deserve victory. He says that Germany did not want a reply to her peace offer, but initiated the measures a month ago to expand her supplies of men and munitions. We ought to see, the correspondent writes, clearly enough now that our efforts on land, especially on the Western front, have not been adequate to secure a decision or even to deserve it. Referring to a tendency to exaggerate the fact that the British have two million men in France, and the French have three million, he says, "statements of this nature serve rather to obscure the issues than to illuminate them. It

ought to be known and admitted that the aggregate national strength does not express the real value of the fighting armies. We all ought to count in bayonets and guns in order to ascertain our own chances of victory and when we count in this manner the figures dwindle to quite a different total. The truth of the situation in the west is that Germany has 128 divisions opposed to us and that the number of French, British and Belgian divisions is not yet such as to promise a decision in an offensive war."

HUN SUB. CAPTURED.

LONDON, Jan. 15. A Flushing despatch says that a Dutch warship brought into Flushing last night a German submarine which was found in Dutch waters. The submarine will be interned.

TURNING OUT HEAVY AMMUNITION.

NEW YORK, Jan. 15. The following from the Associated Press correspondent from London dated January 5th, is published here to-day: English munition factories are now turning out every forty-eight hours more heavy gun ammunition than they manufactured in the entire first year of the war and the production is still increasing week by week in preparation for the great offensive on the western front, which British military critics believe will come round next spring. Although the figures of actual production of guns and munitions are jealously guarded and there is no avowal on the part of the Ministry of Munitions of any intention to discontinue importations from America, there is an evident feeling of optimism among the officials in the big munition headquarters as well as a willingness to give out comparative figures to justify that optimism. The improvement in our position may be illustrated in this way, remarked an official of the Ministry: "We are now manufacturing every week three times as many 210 millimetre shells, five times as many 200 millimetre shells, and three times as many 230 millimetre shells as we manufactured during the whole first year of the war. Of small shells we are turning out in about a week the same quantity as was produced during the first year. Finally, the

ARTILLERY FIGHTING.

PARIS, Jan. 15. There was active artillery fighting last night in the vicinity of the Avere River, and in the sector between the Alsace and the Argonne. Otherwise the night was uneventful, the war office reports.

number of shells of all kinds completed during the past week exceeded by thirty per cent. the entire stock of munitions held in reserve at the outbreak of hostilities."

AGAIN IN TROUBLE.

LONDON, Jan. 15. Dr. Karl Liebknecht, German Socialist leader, has received an additional sentence of four and a half years' hard labor and expulsion from the Berlin Bar, according to a Central News despatch from Amsterdam.

NORWEGIAN SHIPS CONFISCATED.

BERLIN, Jan. 15. Four Norwegian steamers under construction or recently built in England have been confiscated there, according to reports from Kristiania says the Overseas News Agency. Among them were the steamers Mordasta, six thousand tons, and the Ringda, ten thousand tons. Both these reports state, were cleared for

sailing and hoisted the Norwegian flag, the Ringda being armed with cannon.

ON THE MACEDONIAN FRONT.

LONDON, Jan. 15. The following British official, dealing with operations on the Macedonian front, was issued to-night: We bombarded, in co-operation with the Navy, Neochari, and brought down and captured an undamaged enemy airplane with its pilot and observer. Near Lahana on the Dobran front, our raiders entered the village of Akinjali, inflicting casualties on enemy detachments.

TO REPRESENT SOUTH AFRICA.

LONDON, Jan. 15. The war office makes the following announcement: The Imperial Government has acceded to the South African Government's request that Lieut. General Smuts, Commander of the British expeditions against the Germans in East Africa, to represent South Africa at the coming Imperial War Conference in London, instead of General Louis Botha, the South African Premier, whose presence is urgently required at the coming session of the South African Parliament. Accordingly, General Smuts will be replaced in the military command in East Africa, where the situation is so well in hand that the necessary reorganization in the command will be a comparatively simple matter.

GREECE.

ATHENS, Jan. 15. The Entente, through the Italian Minister, has insisted on an unqualified acceptance of the last Entente ultimatum, considering the Greek Government's reply as equivocal. It is stated in Government circles that while maintaining the observations accompanying Greece's reply, they in no wise constituted reservations to the fullest acceptance of the ultimatum. The Government is willing to repeat its acceptance, categorically, as desired.

HENDERSON SPEAKS.

LONDON, Jan. 15. Arthur Henderson, member without portfolio, in the British Cabinet, speaking at Croydon of the necessity of the whole Allied nations standing behind the men on the battlefield, who have consecrated all they had to bring about a great victory, said there is too much of a feeling that this war can be won on the battlefield alone; but if all consecrate themselves for the ideals for which we entered the war, as expressed in the Allies' note to President Wilson, I confidently believe this year will inaugurate an era of peace. That peace can only be satisfactory and permanent if it is founded upon the defeat of the unrestrained militarism and accompanied by a league of nations sufficiently strong to keep the existing armies in

their proper place, prevent the inflation of armaments and secure the enforcement of international law.

GERMAN SUB. RELEASED.

LONDON, Jan. 15. The German submarine taken by the Dutch to-day outside territorial waters, was a submarine mine-layer from Zeebrugge, and had a crew of 32. She strayed out of her course during a thick fog. The underwater boat was liberated after the captain signed a declaration that he had not been in touch with hostile forces throughout the day, and that consequently the presence of the boat in the territorial waters of Holland was not the result of hostile pursuit.

ADMIRAL DEWEY ILL.

WASHINGTON, Jan. 15. Admiral Dewey, hero of Manila, has been confined to his home here the last five days. A general breakdown and slowly sinking, is reported by his doctors this afternoon.

BRITISH OFFICIAL.

LONDON, Jan. 15. The British official from headquarters in France made public this evening says: During the night a party of our troops entered the German lines east of Loos. Many casualties were inflicted on the enemy and his dugouts bombed and some prisoners secured. North of the Ancre an enemy transport was successfully engaged by our artillery. In addition to the usual artillery activity along our front the enemy's positions were effectively bombarded southeast of Loos and opposite Bois Grenier.

AUSTRIAN PASSENGER STEAMER SUNK.

LONDON, Jan. 15. The sinking of the Austrian passenger steamer Zagreb, 637 tons gross, by a submarine in the Adriatic, Jan. 14th with the loss of 26 lives is reported in a telegram from Vienna to Amsterdam as forwarded by a Reuter despatch. The Zagreb is reported to have been torpedoed without warning off the coast of Central Dalmatia.
