JUST A LITTLE STR.

WARSAW, Oct. 22.
Comotion which lasted for more
than an hour followed the adoption by
the Diet to-day by a majority of six
votes of a clause of the constitution
providing for a two chamber parlia-
ment. The left wing, Socialist and Peas-
ant and Labor members rapped up-
on their desks and sang revolutionary
songs as a protest against the action.
Finally the uproar reached such a
stage that the speaker was compelled
to adjourn the sitting.

STRIKE SITUATION.

LONDON, Oct. 22.
The strike situation to-night was
considered more hopeful by the fact
that peace conversations between the
Government and Miners' leaders are
continuing unbroken. There were no
developments, however. At a joint con-
ference to-morrow between railway
men and miners, from it is hoped
peace may spring, it is expected the
suggestion will be made that the rail-
way men postpone their strike set for
Sunday night, should there be no
agreement between the government
and the miners by Saturday, until
after Wednesday's Trades Union Con-
ference. The greatest anxiety exists
among Londoners, for it the rail strike
becomes effective on Sunday night un-
derground Tube Railways will cease
working. It is possible also that trams
and buses, where drivers are members
of the Transport Workers Union will
suspend operations. Bus and tram
drivers, however, have expressed
themselves reluctant to join the move-
ment. There is division among the
railwaymen with regard to a strike,
large sections of them opposing it. J.
H. Thomas, General Secretary of the
National Union of Railwaymen, has
authorized the statement that he is

against it. This has brought about the
very general opinion that there will
not in any case be a rail strike be-
fore Wednesday; but should it trans-
pire, the Ministry of Transport has
an emergency plan in readiness for
immediate operation of railways by
volunteers and all the machinery
created for the purpose during last
year's strike will be utilized.

TURNED OVER TO LEAGUE OF NATIONS.

PARIS, Oct. 22.
The settlement of the Vilna in-
cident has been turned over to the
League of Nations entirely and France
will make no further reply to the
Polish note sent jointly to France and
Great Britain, the French Foreign Of-
fice announced to-day. The League of
Nations already had the matter in
hand, and Leon Bourgeois, the French
representative in the Council of the
League, is awaiting a report from the
League Commission sent to Suwalki,
but the last Polish note expressing
surprise that France had taken its at-
titude without receiving a full report
on the incident was sent direct by the
Warsaw Government to the Quai D'-
Orsay. France now is informing the
Polish Government that it must deal
with the League henceforth. Foreign
Offices officials said.

LOUR PRICE BREAKS.

MINNEAPOLIS, Oct. 22.
Reflecting the break in the wheat
market yesterday flour dropped as
much as one dollar a barrel at the
local mills to-day. At the largest mill
the price for family patents were re-
duced to eleven dollars, from twelve
dollars a barrel while at another mill
a decline of thirty-five cents was ef-
fected its quotation being ten eighty-
five a barrel.

WELSH MINERS CALL FOR CON- FERENCE.

LONDON, Oct. 22.
The Miners' Conference of South
Wales to-day asked the National Fed-
eration to call a National Conference
to consider the withdrawal of all labor
from the coal mines. The mines are
being kept in order by specially as-
signed forces and their withdrawal
would render the pits useless for re-
sumption of work.

COUP D'ETAT PREDICTED.

FLORENCE, Oct. 22.
The Directorate of the Socialist
party at the continuation to-day of its
meeting heard a statement from De-
puty Morgari who declared he had
learned in Rome that a military coup
d'etat was being organized to be
sprung on Nov. 4, the anniversary of
the Italian victory on the Piave in
1918. Deputy Morgari asserted this
conspiracy was to be led by former
Minister of War Giardino, Gabriel D'
Annuzio, Admiral Milla and General
Garibaldi and that it aimed at the
establishment of a military dictator-
ship.

OUR F.C.B. SHOULD FOLLOW SUIT.

OTTAWA, Oct. 22.
The Board of Commerce is no more.
The announcement was made from the
Prime Minister's office to-night that
the members of the Board had tendered
their resignation to the Govern-
ment and that no appointment to the
vacant positions would now be made.
A statement issued to-night says that
"when decision is given by the Judicial
Committee of the Privy Council as to
the extent of Federal authority in re-
lation to the Board of Commerce Act
it will be for the Government to con-
sider what should then be done."

A Thought for the Times.

Are we really so badly off financial-
ly as some would have us believe?
One might well ask this question. And
why? For reasons which we shall
now proceed to enunciate. Accord-
ing to many people, the country is
suffering financially as it never has
before. The banks are not advancing
money, the merchants cannot buy
fish and the fishermen cannot sell
their catch. As a consequence, if
you will take the trouble to go from
one end of Water Street to the other,
you will find such a state of depres-
sion existing as heretofore was un-
known in this country. Yet--go to
one of the moving picture shows, go
to a public dance, and you will find
people falling over one another in
their hurry to spend their money.
Is this a sign of depression and
monetary difficulties? Only a few
weeks ago a vaudeville show paid us
its second visit, put on the "stunts"
and "gags" of their former visit, and
yet, in spite of the fact that their
seats were by no means cheap, they
had a full house every night, and in
many cases had to turn people away.
On top of this a theatrical company
is coming here, to this "city of de-
pression," and it may safely be pre-
dicted that it will command full
houses at every performance. Are
these signs of financial distress? It
is not entirely the wealthy classes
which patronize these places. Where
then is all this money coming from?
Here are we, in Newfoundland, fac-
ing the crisis of our economic exist-
ence, and yet we are spending more
money than ever we have before.
Foodstuffs and other necessities of
life have not decreased in cost, yet
money can be wasted on pleasures
which at a time like this we ought to
forego. It is time that the people of
St. John's awakened to the fact that
