Dail Eireann Will Not Accept Dominion Status.

De Valera Makes Defiant Speech--Times Issues Warning to Extremists--Parliament Alone Should Have the Privilege of Making Gifts.

OFFER REFUSED.
DUBLIN, Aug. 17. De Valera declared today that Dail Eireann would not accept terms offered by the British Government extending to Ireland the offer of Dominion status.

DE VALERA DEFIANT.
DUBLIN, Aug. 17. There ought to be no doubt in any man's mind, said Mr. De Valera in his speech here, that we cannot and will not accept this nation or accept these terms. It is said we are offered the status of Dominion Home Rule for Ireland. Ireland is offered no such thing. The statement contains two falsehoods. Where is Ireland? There is no Ireland in the terms, but two pieces of Ireland. It was said that the Dominions had the right to secede, and could get out if they desired. We are told we must not claim the right to secede, because there has never been un-

the following regarding strictures by the public accounts committee upon gifts, without formal consent of Parliament, of warships, etc., to Dominions. Our Cabinet's proper relation to Dominions is not that of a wealthy uncle visiting his nephews at school, and simulating personal regard by handsome gifts. The taxpayers are uncles, and if uncles so deeply impoverished by a war are to tip nephews so much enriched by it, as were some of the Dominions, we might at least be allowed to know we are doing it. The Westminster Gazette remarks that such simulating personal regard by handsome gifts if given formally through Parliament.

HOPES, FEARS AND WARNINGS.
LONDON, Aug. 17. London newspapers, even those which have most warmly supported Irish aspirations, to-day viewed with considerable regret the statements made by Eamonn De Valera at yesterday's meeting of the Irish Republican Parliament. There is, however, reluctance to regard his speech as expressing Ireland's last word, and some editorialists declared confidently that if the issue was placed before the Irish people, the British terms of settlement

would be accepted. Assertions were made on the strength of Dublin advice that the Irish, having tasted peace since the establishment of the truce, would never consent to a return to hostilities, and that, indeed, few Irishmen believed there was any possibility of resumption of warfare. The Daily Mail said the Catholic Clergy of Ireland were using their utmost influence in favour of acceptance, and it expressed the belief that a vast proportion of the members of Dail Eireann were determined to accept the British terms. The London Times took occasion to warn the extremists who oppose acceptance that Great Britain's mind is finally made up, and nothing can shake the determination not to yield upon the cardinal point of maintenance of the union between Great Britain and Ireland.

Guards Sports Day.

BELL BEATS HIS RECORD.

The sports held yesterday afternoon on St. George's Field by the Methodist Guards Old Comrades Association proved a success. The affair was witnessed by over 3000 people, and amongst those present were many prominent citizens including Mayor Morris, Hon. S. and Mrs. Miller, Hon. F. and Mrs. Steer, Lady Crosbie, Mrs. C. R. Ayre, Lt.-Col. Conroy, C.O.C. The programme was excellently arranged, and well carried out. Amongst the events the Slow Bicycle, the Boot and Barrel and the Whipp-it race proved the most merriest. All the events were well contested, and in the races good time was made. The following is a list of the sports and the prize winners:--

- 100 Yards Dash--(Championship)--1st, N. Callaghan; 2nd, T. Butler; time 10 2-5. (not official).

- Boot and Barrel Race--Won by G. Winsor.
- Football Relay--1st, Feildians; 2nd, B.I.S.
- Whip-it Race--1st, J. Barrett and James; 2nd, H. Burt and H. Squires.
- One Mile Race--1st, H. Skirving; 2nd, J. Thorburn; time 4:54.
- Bicycle Race, Slow--(Last in wins)--1st, B. Muller; 2nd, A. Giles.
- Final Football Fives--Guards vs. Cadets, won by Guards.
- 10 Mile Road Race--1st, J. Bell; 2nd, A. Taylor; time 56:33.

The road race proved very exciting, there being eight entries. Of these 6 finished the full route of ten miles. Bell the winner, doing the course 2 minutes quicker than he did at the Dominion Sports, when he made his record. The race started sharp at 10 a.m. near the Octagon, the following competitors lining up:--R. S. Maunder, A. Taylor, G. Bayley, B. E. Halfyard, R. Pike, J. Jacobs, J. Bell, R. G. Kelly. The runners got away together, Bell taking the lead from the start, setting a pace of 98 to the minute, which he kept up till Donegan was reached, when on the fourth mile he quickened to 101, reducing in the fifth to 95 which he kept up till the finish. Halfyard held second place, and Donegan about 300 yards behind Bell with Taylor and Pike close behind.

Along Cornwall Avenue and Lemarchant Road Bell increased his lead and kept running in splendid style. On entering St. George's Field he was given a tremendous ovation by the spectators. Bell completed his run in 56:33 the field in wonderful form, and finished the course in 56:33 beating his nearest competitor by over a mile. A Taylor came in second, his time being 57:45 minutes. J. Jacobs finished third one minute and 20 seconds after Taylor. Kelly, Maunder and Pike followed in the order named. At the close of the sports Lady Crosbie made the presentation of prizes complimenting each of the winners on their success. President Russell on behalf of the Association thanked Lady Crosbie for so kindly consenting to present the prizes. Cheers were then given for Lady Crosbie, the Guards and Committee, after which the National Anthem played by the Guards Band brought to a close the most successful sports of the season.

The cut having been made only in certain divisions of the service, shows, as I will prove, the cowardly perception of the Government besides their utter inability to handle men and departments in the Civil Service. When at first the question of cutting the salaries of the whole service was mooted, the two bodies of Postal Telegraphs and Police threatened to walk in and hang up, two essential factors to the benefit and uses of the country.

The Government was made aware of this and knowing their men, they exempted the Police, Postal Telegraphs, Firemen, and I understand, the Nursing Staff from the supposed-to-be general wage retrenchment. What is the result of this cowardly movement? That the employees of other departments must resign themselves to the flit stroke of incompetent authority, and do the greater work for wages they received years ago.

The whole thing is unfair and as I say this, I have in view the case of the Postal Telegraphs and the other employees of the service. The Postal Telegraphs retain the same wage cut has been made. The other employees of the Postal Department lose a percentage. The cut has been made. Why? This is distinction. Why? The whole Postal Service is as it were incorporated. The Postal Telegraphs belong to and are one with the Postal Service.

Then comes the injustice of it. Young employees in the Postal Telegraphs to-day get from 20 to 35% more wages than long-tenured men in other departments of the same service. Three certain men in the Post Office, after from 33 to 45 years in the service, receive the wage of \$15 month. Others in the Telegraph Department who can count their service by one or two decades, receive from \$145 to \$160 per month. The Telegraphs escape the cut, the other postal officials must bear the cut. Funny isn't it?

It is to be hoped that the Minister of Posts and Telegraphs (Mr. Halfyard) will see that this movement is derogatory to the dignity of his position. He stands in a false position when he permits one section of his staff, and hardly a third at that, to retain a favor that the other, two-thirds must have usurped from them. Mr. Halfyard's position in this whole matter is an un-

avoidable one, and as I have quoted above, his prestige, to be worthy of the best traditions of previous P.M.G.'s lies in the balance. What is he going to do about it? The personal justice of the man may be alright, but the justice of his department, his authority and ruling influence are all wrong--when he permits his pay sheet to hold such distinctions as it does to-day.

Thanking you for space, Sir, I remain, Yours truly very,

VERITAS.

The Men "Who"

- are the men who do something,
- the men who act,
- the pioneers who open up new lands,
- the manufacturer who scraps the old machine and strides forward,
- those spirits of progress who root up old-established habits for methods that are new and better,
- the men who count.
- For its very life, a nation depends upon its men "who."

Nearly 20 years ago, Gillette introduced his original safety razor. Beards disappeared. Daily shaving became the habit of a nation. He was a pioneer. And with him were the men who discarded their strops and hones, abandoned their age-old methods and adopted the new razor.

Gillette, to-day, is the pioneer of the New Improved Gillette Safety Razor--the first shaving instrument of precision ever known, and with him in the vanguard of progress are many of those same men who were amongst the earliest users of the old-type Gillette. The new razor awakens in them the spirit of the pioneer. They stride forward to the realization of their goal--the final word in shaving comfort.

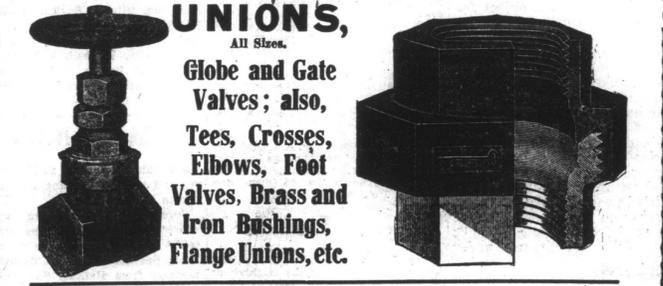

NOTE--The Gillette Company assumes full responsibility for the service of blades when used in any genuine Gillette razor either old-type or New Improved. But with imitations of the genuine Gillette, it cannot take responsibility.
