pecial to Evening Telegram GRAND FALLS, Aug. 23. The second football game, played this evening, resulted in a win again after a splendid exhibition. It was the best of the game by long odds, but wild shooting and hard luck broke our hearts. This is proven by the fact that they paid only 5 visits to Grand Falls goal during the whole period. Flynn and Ewing for the City and Darby Pitcher for Grand Falls did the scoring in first half, and Maddigame was largely attended and gan in the final session. The admirable cool manner in which Walsh (the City goalie) repulsed all attacks, evoked great applause and we have labelled him "Cucumber." Grand Falls is tending a complimentary return dance to the city boys to-night, at which His Excellency and Suite

will attend as guests of the G.F.A.A. Final game will be played to-morrow evening and the merry party of home grounds beat Grand Bank "Capitolists" return to the city by Saturday's express after what we hope was the best time ever.
