### WEST ELGIN ELECTION.

One Hundred and Twenty-seven Charges  
Against Agents and Respondent.

The Trial to Take Place on Wednesday  
Next at St. Thomas.

The particulars in the petition against  
the return of Mr. Finlay G. McDiarmid,  
M.P.P. for West Elgin, were filed at  
Osgoode Hall. There are 127 charges  
covering the majority of offences enu-  
merated under the election law. The  
personal charges against Mr. Macdiar-  
mid are that he bought drinks for the  
electors of Aldborough prior to the elec-  
tion and on election day, and also that he  
furnished them with tickets upon which  
they could obtain liquid refreshments.  
It is also charged that bribery was com-  
mitted by agents. Wm. Frick, jun., of  
St. Thomas, is named as having laid  
wagers on the result of the election, as  
follows:—With Benjamin Stewart, \$15;  
with H. Langham, \$10; with Thomas  
Coleman, \$25; with James Coleman,  
\$10; with Wm. McVey, \$10, and with  
Albert Corley, \$1.50. In the above  
bets it is charged that Frick, jun., acted  
for his employer, Benjamin F. Honsinger.  
He is also charged with having  
taken \$5 from the same source with  
which to bribe his father, Wm. Frick,  
sen., and \$25 with which to purchase  
votes among Honsinger's employees at  
\$2 per vote. Mr. Honsinger, with Mr.  
J. C. Ponsford, are also charged with  
Toronto of E. W. Honsinger, dentist.

the Hutchinson House, being named  
as an agent. Dr. H. McL. Patterson,  
of Rodney, is charged with bribery with  
drinks, and Thomas Donley and Arch.  
Cameron are named as supplying drink-  
ables in St. Thomas. It is charged that  
at the instigation of the agents of the  
respondent the following and many  
other persons who had no right to do  
so voted:—William Cole, Aldborough  
Township; Joseph Thomas, residence  
unknown; George Calvert, Detroit;

Thomas S. Gilbert is alleged to have  
personated Thomas Gilbert in No. 2 di-  
vision, Dunwich, and an unknown man  
is said to have voted for Hugh Scott in  
No. 1, Aldborough. John C. Ponsford  
and other agents are charged with hir-  
ing cabs and conveyances on election  
day.

It is charged that there was a fund  
provided which was used for corrupt  
purposes, and that the following were

lin and John A. McKillop.

John Merry, John Cattanach, Patrick  
Meehan, Isaac Gilbert, George Ponsford,

victims were Alex. Marlatt and Oscar  
Welter. Payment of money in St.  
Thomas, ostensibly for services, but  
in reality for votes, is alleged.

### A Dastardly Act.

A deplorable affair occurred at St.  
Thomas on Saturday evening. It ap-  
pears that Glen Tyler, driver of Butler  
Bros.' delivery wagon, entered an out-  
house in the rear of Centre street  
terrace, at the Ross street crossing,  
which is the premises of a family named  
Hulbert. The mistress of the place,  
probably annoyed by what seemed to  
her a case of trespass, picked up a pail  
of boiling water, walked through the  
yard, opened the door and emptied the  
contents upon the unfortunate young  
man. His agonizing cries brought the  
neighbors to the scene, who did every-  
thing to relieve the sufferer. He was  
frantically burned around the abdomen  
and down the legs, the flesh falling in  
pieces from the body. After the doctors  
had cut away his clothes, he was con-  
veyed to his father's residence, where  
he lies in a precarious condition. Mrs.  
Hulbert was immediately arrested and  
lodged in jail. On Monday she was re-  
manded until Friday, bail being refused.  
She is 42 years of age, and has five  
children and a husband. The latter is  
a farm hand employed in Yarmouth.  
Young Tyler is a son of Emery Tyler,  
Michigan Central engineer.

### THE HIGH SCHOOL.

Review of Past Two Years.—A Brilliant  
Future.

The record of the Dutton High  
School at the recent Departmental Ex-  
aminations is one that excites  
not only local but Provincial admiration.  
That a high school, situated as it is in  
a community with so narrow a  
constituency and with a staff of only  
three teachers, should not only equal  
the other high schools and collegiate  
institutes in the province but should  
actually be found in the van of higher  
education, speaks volumes of praise  
both for the intellectual acumen of the  
rising generation and the pedagogical  
ability of the staff. Previous to the  
past academic year no honor matricu-  
lation or Fourth Form work had ever  
been attempted by the school. The  
staff, however, encouraged by the too  
flattering result of last year and recog-  
nizing in some of their students the  
germs of future greatness, decided to  
invite the High School Board to in-  
crease the staff, to which suggestion the  
Board generously responded by provid-  
ing an additional teacher. That their  
action was both judicious and timely is  
amply proven both by the magnificent  
results and the local and provincial ad-  
vertisement which the school received  
through the record of its students at  
the university scholarship examinations.  
To appreciate fully the honor that these  
talented young scholarship students  
have conferred on the school in general  
and themselves in particular, one must  
remember that the scholarship tests are  
the hardest examinations in which  
high schools and collegiate institutes  
can compete. That our high school  
should capture three scholarships, ag-  
gregating \$460, is an eloquent commen-  
tary on the efficiency of the staff and  
the thoroughness of the work done in  
our centre of learning. Here is the  
record of the Fourth Form, which  
speaks eloquently for itself:

W. Graham secured honors in zool-  
ogy, botany, physics and chemistry and  
heads the list in both zoology and  
botany.

George Leitch secured honors in zool-  
ogy, botany, physics and chemistry.

W. Pearce secured honors in zoology,  
botany, chemistry, physics, algebra,  
trigonometry and geometry.

F. McKerracher secured honors in  
physics, algebra, trigonometry and  
geometry.

Alda McKerracher secured honors in  
physics, chemistry, algebra, trigonome-  
try, Euclid, French, Latin, English  
and history, and comes second in honor  
chemistry and passed the senior matricu-  
lation of both Toronto and Queen's  
Universities.

### SCHOLARSHIPS.

Geo. Leitch, \$160, in botany, zoology,  
physics, chemistry.

W. Pearce, \$190, in trigonometry,  
algebra and Euclid.

H. Hollingshead, \$110, in general  
proficiency.

Here is the unprecedented and bril-  
liant record of the school for the past  
two years:

1899—Form I.—Recommended, 12;  
passed 12, including 4 honors. Form II.  
—Recommended, 24; passed 21. Form  
III.—Recommended, 15; passed 12.

1900—Form II.—Recommended, 24;  
passed 21. Form III.—Recommended,  
10; passed 9. Senior Matriculation—  
Recommended 5 and all passed with  
honors, including three scholarships.

The following have obtained Part I.  
Junior Matriculation: Nina White, E.  
Cusack, Alberta McColl, M. Dooley,  
Ella James.

Application has been made to the  
Department for senior leaving standing  
for the Fourth Form candidates.

Deserving and diligent candidates  
who have just passed the entrance will  
be prepared for the Public School Leav-  
ing in one year.

The principal of the school will be  
glad to furnish information either orally  
or by letter to candidates contemplating  
a high school course.

Parents are earnestly requested to  
have their children present at the  
opening of the school, as there will be  
no delay in the work.

Full provision is made for all exami-  
nations of the Education Department  
and for the pass and honor examina-  
tions of the universities in all depart-  
ments.
