Save Your Sight

We will examine your eyes free of charge and fit you with glasses at prices ranging from \$1.00 up to as high as you wish to pay. If you desire to change them you will have the privilege of doing so as often as you wish, as we have hundreds to choose from. But when we are sllowed to give you your proper correction you will not have any desire to change them. We have not been asked to change a pair in the last five years. Our prices are very much lower than city prices and you are guaranteed the best results. If your old glasses have got bent or crooked come in and let us straighten them for you. No charge

"I never saw such a change as Tanlac has made in my wife and she says she is feeling like a girl of sixteen

"For years, she was so weak and run-down I often thought she would fall in her tracks. Nearly everything she ate disagreed with her and at times she was simply in agony. Her nerves were so unstrung the least little thing would worry and upset her for hours and she could scarcely get any sleep.

"Well, after spending hundreds dollars on different medicines, I didn't have much hope that Tanlac would help her, but, it's a fact, when she finished the treatment, every allment was gone. That was several months ago and since then her health has been splendid. Hereafter we will always pin our faith to Tanlac."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.

Orient's Largest Building Nearing Completion.

The Marunouchi Building, now near ing completion in Tokyo, Japan, is said to be the largest office building in built on a ground area 350 by 300 feet, and is 110 feet tall. The weight of 87,000 tons is supported on piling that extends nearly 100 feet below the ground line. It contains approximate ly 800,000 square feet of floor space that will be devoted almost entirely to office purposes, and is of fireproof construction throughout. Modern equip ment, such as fire and ventilating sys tems, bathrooms, and other conveniences for the tenants, has been in cluded, and the building houses its own power plant

It would take a good counter, counting 24 hours a day, more than 9,512 years to count a billion.

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I keep house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beater for putting health and vim into a woman."—Mrs. James H.
