THE CZAR'S SICKNESS

Attributed to Poison Administered in His Food-He is Conval escent. Paris, Dec. 31.—A letter from St. Petersburg says the recent so called "relapse" of the Czar was not a return of the influenza. Apparently in good health, His Majesty was suddenly taken with violent pains in the stomach after leaving the dinner table. His attendants were greatly alarmed. Physicians were summoned, and administered remedies for poison. The story is that poison was found mixed with the food of which His Majesty had partaken. Nihilists, who have been very active of late, Canada resumed its session to-day. The confirm this report, and boast that the first witness was Ellis H. Roberts, Sub- poison was administered by one of their Injured at the Humber, Near To- Treasurer. He thought that from the number.
