

PRINCE ARTHUR AT COWICHAN

Royal Party Left Yesterday for Famous Fishing Grounds Up the Line.

GOOD SPORT IS PROMISED

Departure of Party From Victoria Characterized by Display of Loyalty.

THE citizens of Victoria were given another opportunity to get a glimpse at H. R. H. Prince Arthur of Connaught yesterday morning, while he was on his way to the B. & N. to enroute for Duncan. A guard of honor from the Royal Garrison Artillery was formed up at Government House, when His Royal Highness left, and along the line his approach was watched by the people residing in that vicinity. Instead of going direct to the station, however, the royal carriage drove along Fenwood road and Yates street, thence to the station. This route was arranged earlier in the day on the suggestion of Trustee Jay, whose idea it was to give the pupils of the Central school an opportunity to give His Royal Highness a parting cheer. The arrangements worked admirably and when the Prince passed the school grounds fully one thousand children with their teachers were assembled on the playground and gave the royal visitor three hearty cheers and a tiger, which was acknowledged by His Highness rising in the carriage and raising his hat.

Not to be outdone by the pupils from the Central school, the pupils of the Spring Ridge school, who were assembled at the corner of Cook and Yates street, and the pupils of the Victoria school, who were assembled at the corner of Yates and Spring streets, also gave their royal visitor a parting cheer. The Prince was accompanied by a large party of ladies and gentlemen, and the carriage was escorted by a detachment of the Royal Garrison Artillery. The Prince's departure was a most successful one, and the arrangements were well received by the people.

Arriving at the B. & N. the royal carriage was met by a large throng of those anxious to get a last look at His Royal Highness. A guard of honor from the Royal Garrison Artillery was formed up at Government House, when His Royal Highness left, and along the line his approach was watched by the people residing in that vicinity. Instead of going direct to the station, however, the royal carriage drove along Fenwood road and Yates street, thence to the station. The arrangements worked admirably and when the Prince passed the school grounds fully one thousand children with their teachers were assembled on the playground and gave the royal visitor three hearty cheers and a tiger, which was acknowledged by His Highness rising in the carriage and raising his hat.

A special train had been made up for the trip and was waiting at the station. The train was decorated with flags and bunting and presented a very pretty sight as it pulled out of the station. The train was accompanied by a large party of ladies and gentlemen, and the carriage was escorted by a detachment of the Royal Garrison Artillery. The Prince's departure was a most successful one, and the arrangements were well received by the people.

On behalf of the government and people of Canada I desire to extend to your Royal Highness a warm welcome to this part of His Majesty's dominions and confidently hope that your visit will prove as enjoyable to yourself as it will be gratifying to the Canadian people. (Sgd.) WILFRID LAURIER. The Premier received the following reply: "Victoria, March 28. I am deeply touched by the kind message of welcome sent to me by you on behalf of the government and people of Canada. It gives me the greatest pleasure to have this opportunity of meeting its loyal inhabitants and of learning something of its great and ever-increasing resources. (Signed) ALBERT PATRICK."

Arrival at Duncan. Duncan, March 28.—(Special)—A grey day with threatening clouds marked the arrival of the special train at Duncan at about 12:30 p. m., with Prince Arthur and his wife. All Cowichan district and the surrounding country were lined with people to see the royal party. The Prince and his wife were met at the station by a large party of ladies and gentlemen, and the carriage was escorted by a detachment of the Royal Garrison Artillery. The Prince's arrival was a most successful one, and the arrangements were well received by the people.

He walked for some minutes about the streets. The Prince was recognized, though, and as he returned to the train the school children, who were in charge of Miss Spears, formerly of the South Park school, Victoria, sang "God Save the King," while the crowd broke into a hearty cheer. The Prince bowed and entered the train to join his party at luncheon.

It had been intended that the party would proceed to Salmon River, where three Indian canoes, each manned by two expert canoeists from the Quamichan reserve, were sent to wait for the party. The Prince and his wife were to have been taken to the upper river by cable, but would come down the river on the other part of the Cowichan to Duncan tomorrow afternoon, spending the fishing time at Cowichan Lake, where fish are reported more plentiful than in the lower river. Two automobiles were requisitioned for the party, which proceeded to the lake soon after 2 o'clock and arrived towards evening. With but a couple of hours to spare before nightfall, arrangements had been made at the Lakewick Hotel for a dinner, the guests being sent in advance with their luggage.

LONDON, March 29.—Lord Strathcona and Mount Royal, the Canadian high commissioner, has come to the assistance of the Bodleian Library of Oxford University with a donation of \$2,500 to complete the first folio edition of the works of Shakespeare. The folio was presented to the Bodleian library in 1624, but was sold in 1644, and since that time has been in a private collection. An American collector recently offered \$15,000 to the present owner of the folio, who, however, gave the Bodleian library the opportunity to recover it for the same amount. His offer held good until March 30. The Bodleian library, which was originally established in 1624, takes its name from Sir Thomas Bodley, who collected an enormous library during his later years and re-established the library in 1597-1602 and presented it to the University of Oxford. PROTESTANT ORPHANS' HOME MANAGEMENT

A Suit Instituted in the Supreme Court of a Very Interesting Character. The indignation felt and expressed at the extraordinary action of the managers of the Protestant Orphan's Home at the meeting last week has culminated in the subscribers to that institution taking the matter up very seriously yesterday on the several defendants, as the preliminary step to restrain them by injunction from exercising their functions. Also to obtain a declaration that their action was null and void; and to secure a directing order for a new election, so that the wishes of the whole body of subscribers may prevail. The proceedings are based principally upon the fact that the defendants were not eligible for election as required by section 3 of the constitution, which reads as follows: "All persons contributing the sum of two dollars and fifty cents and upwards, per annum to its funds shall be members of the society and entitled to vote at its meetings." And also to a subsequent section which provides that the management shall be vested in a committee chosen from the subscribers. The papers served on the defendant are in part in the following form: IN THE SUPREME COURT OF BRITISH COLUMBIA, between the British Columbia Protestant Orphan's Home and George Gillespie, R. S. Day, C. S. Baxter, Max Leiser, Charles Kent, John Robertson, Rev. E. G. Miller, the Rev. G. K. B. Lettice, W. J. Wilson, D. H. Ross & Co., A. W. Bridgman, Luke Pither, Otto Welles, James Forman, E. Further Revelations of the Slack Business Methods of Insurance Companies. OTTAWA, Ont., March 29.—(Special)—Lieut. Col. W. Wilson, third Victoria Rifles, Montreal, has been appointed commandant of this year's Bisley team. Lieut. Col. Talbot, M. E. 17th Lancers, has been chosen as assistant. Today's session of the Commons was interesting by reason of Hon. Mr. Fitzpatrick's flatfooted condemnation of the judges of Ontario and Quebec for acting as arbitrators and accepting positions as directors of companies and becoming administrators of estates in addition to their judicial duties. The bill to prevent this was passed last session but judges have ignored it and the result is that Mr. Fitzpatrick is determined if possible this year to pass such a stringent legislation as to compel the judges to obey the law. The imprisonment of a Canadian in Russia was made the subject of a short discussion by Col. Ward and the government promised to draw it to the attention of the home authorities. Lancaster's famous annual will respecting protection of level railways arrangements was discussed and referred to a special committee to be named later. Insurance investigation. Further investigation by the insurance commission today showed that the Federal Life has indicated the value of certain stocks it held. The company had also received sixteen thousand dollars, it was reported, from the Home Life also was investigated, from which it appeared the company has been dabbling in Shaftel stocks. With reference to the Central Life, which in 1905 was paying \$108 for every \$100 of business, Mr. Shepley wanted to know such were good business methods. Mr. Fitzpatrick said no company could get along on such a basis for any length of time. In fact it was found to fall, but if the company by making such expenditures temporarily was laying up business which would pay good premiums in future, the situation was different. Mr. Borden was told by Hon. Mr. Patterson that the Japanese treaty had not yet been received. It is definitely announced that the Grand Trunk will erect here a station and hotel to cost from a million to a million and a half.

Eleven Thousand Newcomers Reached New York Yesterday. New York, March 29.—Over 11,000 immigrants arrived here today on board seven steamers from European ports. This is the record for a single day. Ellis Island, where these immigrants are examined, can care for less than half of today's arrivals, its limit is 5,000 daily. Those who cannot be landed today will be kept in the harbor on their steamers until later in the week. ALBERT PATRICK'S TRIAL. State Undertakes Test Fought for by Condemned Lawver. New York, March 29.—Four years after the date on which he was convicted of the murder of William Marsh Rice, Albert Patrick today fought a battle to prove or disprove his contention that "enabling funds and not chloroform was the cause of the condition of Rice's body." This shows the necessity of having all animals entered for such a sale in the pink of condition. The upper country buyers were prepared to pay good prices and took back with them three carloads of fine stock. Both buyers and sellers were satisfied, and altogether the initial auction sale proved a success.
