LOCAL AND GENERAL NEWS.

FINE DAY

After the snow of yesterday, it is hoped the weather will remain settled for a few weeks.

LATE RADISHES

Mr. Chas. Maloney has in his garden prime radishes from seed sown a short time ago. This is something unusual at this season of the year.

BASKET SOCIAL

There was a basket social and fancy sale at Shivers' store, Wednesday evening, Oct. 21, for the benefit of the church being built there. All are cordially invited.

A HIGH JUMP

Dr. B. Sproul's dog, sitting in the doctor's office on Saturday evening, evidently saw something interesting on the street below, and not having time to go down by the stairs, jumped through a large plate glass window and landed on the pavement below, amid a shower of glass. Fortunately no one was passing at the time. The doctor's office is on the second floor.

SOCIAL EVENING

A most enjoyable affair took place in the W. C. T. U. hall on Friday evening, when the Christ Church Social Club, held its first meeting of the season. The choruses, readings and solos were much appreciated. Mr. Chas. Smith gave two solos in this style: Miss Edith Stewart and Miss Etta Coleman favored us with comic readings, much to the delight of the audience. Mr. Jack Collier, with his inimitable tone and gesture, gave two readings, one full of pathos, "The Tramp," the other full of wit and humor, "Tartan's Sister." The choruses which were well rendered were "Pony Boy" and "Redwing." The executive committee must be congratulated on this, the first meeting of the club.

PROFESSIONAL

O. J. McCully, M. D. M. R. C. S. London, (eye, ear, nose and throat) will be at the Waverly, Campbellton, Wednesday and Thursday Oct. 27th and 28th, where he may be consulted.

PROFESSIONAL

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John will be at the Waverly Hotel, Campbellton, Friday, Oct. 28th, where he may be consulted professionally.

OPEN EVENINGS

For the convenience of customers who do not have time during the day to order their coal, P. M. Murray will keep his office open from 7.00 until 9.00 o'clock during the winter months Office Bank of New Brunswick building. Telephone 107.

ACCEPTS CALL

Rev. Jas. Wheeler has accepted an appointment to the congregation of Red Deer, Province of Alberta. This congregation is about fifty miles north of Calgary. Mr. Wheeler leaves today for his new charge, followed by the best wishes of all.

MISSIONARY SOCIAL

A very enjoyable missionary meeting and social was held Friday evening in the Baptist church under the auspices of the Women's Missionary Union. The music was especially good, the choir rendering several appropriate anthems. A duet was sung by Mrs. Trilles and Mrs. Fowles, and a mixed quartette by Miss Downs, Mrs. Trilles, Mr. Whitehouse and Mr. G. Miller. Mrs. Starratt gave an interesting report of the work of the Missionary Society and a paper was read by Mrs. Stockhouse on "India's Needs and Our Responsibility." A number of the boys and girls of the Mission Band gave recitations and readings. After the program was carried out, cake and coffee were served in the vestry of the Church. An offering of \$12.00 was taken for missions.

COLDS

Quickly Cured
Everybody has a cold. Some resort to tablets and powders that contain dangerous drugs, and death from heart-depressing remedies is not infrequent.
It's poor policy to neglect a cold--especially when it can be cured so quickly without medicine.
You can send the soothing vapor of the pine woods, the richest balsams and healing essences, right up the cause of your cold by inhaling Catarrhine.

Little drops of wonderful curative power are distributed through the whole breathing apparatus by using a Catarrhine. That's how Catarrhine works in bronchitis, catarrh, colds, and irritable throat. You simply breathe its ally, fragrant vapor and every trace of congestion and disease flies as before.

Catarrhine Cures

Don't experiment longer--Catarrhine means cure. Two months' treatment, guaranteed, price \$1.00, smaller size 50c, at all dealers or the Catarrhine Co., Kingston, Ont.

I have in stock and arriving sufficient Hard and Soft Coal to supply all demands during the coming winter.
The quality is of the best. Every pound of soft coal purchased by me has been screened, which takes out all dust, and leaves a free burning clean coal. Hundreds of satisfied customers will confirm this.

My hard coal in stove and furnace sizes is of a superior quality never before brought to the Town. It is entirely free from clinker, stone, and shale, leaves only a ash and very little of that.
It gives 25% more heat than ordinary hard coal and lasts longer. A trial order will convince you of the truth of these statements. My prices are reasonable, and prompt and courteous attention will be given you whether you order a ton or a barrel.

THANKSGIVING DAY

It rained steadily all day Monday, and although all the stores were closed, very few people were about. The regular Thanksgiving Day sheet at the rifle range was called off. The Opera House was crowded during the evening.

PURCHASED PROPERTY

Dr. Martin has purchased the Levesque property, next door to the Graphic office. The amount paid is said to be \$2,500. The doctor is making many improvements to the property.

CHILD INJURED

While playing on the street Saturday evening the little daughter of I. W. Stevens was painfully injured. She was running along the sidewalk when she ran into the hitching post in front of W. H. Marquis & Co's store. Her eye was painfully injured.

SUNDAY SELLING

One of Campbellton's restaurants was raided Sunday and a quantity of hard-drinks seized. Another restaurant it is said, sells fruit, etc. on Sunday contrary to the Sunday observance law.

BOILER TEST

Mr. J. N. Crowley, boiler inspector of St. John, was here last week inspecting the boilers in the Shivers company's mill. While doing this he tested the pressure in the town's water system, which, according to his standard pressure gauge, registered ninety two and a half pounds at the Shivers' upper end of the main. Mr. Crowley stated that the pressure was far higher than that of the average town, and would give a fine service.

LOST MAIL CONTRACT

The Express and Navigation Co. has lost the mail contract to Gaspe point. It is said this was withdrawn because of the irregular service. Mails are being forwarded by road now.

STEAMER AGROUND

The steamer Canada ran aground in the vicinity of Oak Point and got stuck on the rocks. The coal laden steamer Kilkenny, which was towed by the International railway also went aground, but later backed off. She is now discharging her cargo.

GRAB SALE

Mr. J. C. Hardy of Toronto, an experienced salesman and manager, has taken charge of a grab sale for Messrs. Geo. C. McKinnis & Co. and the announcement appears in this issue. We would recommend that our readers study this ad. then visit the store.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

CHARLO

Rev. Father Campbell, who has been absent to the First Plenary Council of Canada at Quebec, returned home much refreshed. His stay here, there is something to be said and learned everywhere, but no where so much for a churchman as at a Council.

The Papal Delegate, who was Father Campbell's predecessor in Rome, eighteen years ago, preside at the Council, and it is said of him: "Managing the discussions with infinite tact and ruling when necessary, with a firmness and justice which make one marvel at a genius and versatility far beyond the ordinary leader. He is easily the first man in the Council. He will ornament any position no matter how exalted as the fruit of a brilliant career."

There was much to admire in the union of this earnest Council, but the greatest marvel and pride of the Council was in the President's contributions was in the President's brilliant work.
Mr. Shaver seemed to be born for the discharge of such intricate and difficult work. He knew the business of legislation better than any one else, and the intricacies of procedure. He had the tact and resources which such a position exacted.

Needless to say such a Council was long desired by the Church in Canada, and when its canons are confirmed, Rome and England will have a most beneficial effect on the whole nation.

HAMILTON-GOOD

The marriage of Miss Stella Good, eldest daughter of Mr. and Mrs. R. H. Good, of Dalhousie, and Mr. Robert James Hamilton of St. John's, Nfld., was celebrated at the Mayor's, Dalhousie, on Wednesday evening, Oct. 20th, the nuptial knot being tied by Rev. J. H. Kirk. The bride looked very pretty in a gown of blue broadcloth with hat to match. They were unattended.

DALHOUSIE

DALHOUSIE, Oct. 25--All the stores are closed here today in honor of Thanksgiving. The people of the shiretown have every reason for being grateful to Providence for favors received during the past year. Dalhousie has been suffered from a severe winter during the recent month. Notwithstanding the heavy losses sustained by fire, our town is going ahead. It seems probable to be true that two more mills will be in operation here next year.

The Dalhousie Lumber Co. Ltd. are no doubt paying the way for large scale operations. The people of the shiretown have every reason for being grateful to Providence for favors received during the past year. Dalhousie has been suffered from a severe winter during the recent month. Notwithstanding the heavy losses sustained by fire, our town is going ahead. It seems probable to be true that two more mills will be in operation here next year.

Our retail merchants are more hopeful for the future. Many people who in the past ordered their goods from Montreal stores in the West, have concluded that they are not helping their town by not purchasing their wares at home, and our stores are doing a better business. This success leads to the improvement of our retail establishments and modern lights are being added to several of our stores, steel ceilings, plate glass windows, etc.

A very interesting ceremony was held in our public school on Friday afternoon last. At the request of the trustees several of the ratepayers were present. The object of the meeting was to present the medal donated by Lieutenant Governor Trenchard, which was won by Miss Jean Mitchell, who had the highest standing of any in the whole county.

The presentation was made by Mayor Montgomery, one of the trustees, who made a very pleasing address. Others who spoke were Dr. Ferguson, James S. Harquail, trustees; Hon. C. H. LaBille and Principal Jones.

On Sunday afternoon the blessing of a new hall for the new R. C. church at Dundas took place, at 4 p.

ELECTRIC FEAT AT INSTITUTE OPENING

King Edward Pressed Button in England Which Did The Deed.

MONTREAL, Oct. 21--When King Edward in the library at West Deag Park, Chiswick, today pressed the button, which, after the Royal Standard, 1877, was sent to the Dalhousie Lumber Co. Ltd., for the purpose of being used in the exchange of the message between the institute and the king, the message being repeated at Dalhousie, and then retransmitted at Vancouver and Honolulu, the R. C. wires which were cut in the air.

Two circuits were used, one of the exchange of the message between the institute and the king, the message being repeated at Dalhousie, and then retransmitted at Vancouver and Honolulu, the R. C. wires which were cut in the air.

The distance Montreal to Cape Town, 12,000 miles, and Vancouver to Honolulu, 4,000 miles, making a total of 16,000 miles.

As the time approached for the signal to be transmitted by the land the signal circuit was made good. At 4 o'clock the king closed the circuit and kept it closed till he got the return flash, and acknowledgment from the Royal Standard which tonight matters over the roof-top building at West Deag Park.

WARREN TOPPAN, Lynn, Mass.

Cured of severe compound cold and cough by

Vinol

"From Dec. 20, '08, to March 1, '09, I had three bad colds, one on top of the other. I got so weak I could hardly get around. Nothing seemed to help me until I began to take Vinol. The change was magic. Three bottles completely fixed that compound cold and stopped the terrible cough--and what surprised me most, at the same time it cured me of a severe stomach trouble that has bothered me for 20 years."

Vinol is certainly a wonderful medicine.
Mr. Toppan is one of Lynn's most prominent and highly respected merchants, whose word is as good as his bond.
The reason Vinol is so successful in such cases is because it contains the two most world-famed tonics--the medicinal, strengthening, body-building elements of Cod Liver Oil and Ferrous Serravallo.
