Galt were now being utilized for the purpose of inducing carp-enters to come to Canada, and particularly to Toronto, is a serious one if true. Can-ada is not in need of skilled labor of any kind. Surely Sir A. T. Galt would not be a party to sending skilled labor to Can-ada under false pretences—for such would be the case, if there is any truth in the rumor. As such a thing has happened be-fore in the history of Canada, although not through Sir A. T. Galt, we notice this ru-mour as not being improbable. The only classes of immigrants required in Canada are farm and domestic servants, for both of whom there is good demand. If Canada under existing circumstances requires the manner yesterday morning.
